REPORT URGES SENATE TO ADOPT PEACE TREATY; THIS PACT OR NONE, CRIES WILSON IN MONTANA

ADOPT COUNTY PHONE FINANCING PLAN

MUST KEEP LONE HAND ON SWORD HE SAYS

President Warns His Hearers
That Bolshevism Is
Rampant In U. S.

TRYING BABIES MAKE
CONFUSION AT SPEECH

Executive Believes Treaty
Will Be Accepted After
Talking to People

BILLINGS, Mont., Sept. 11.—"It is
this treaty or none," President Wil-
son declared today.

Speaking to his first Montana audi-
ence he warned it was "not wise for
parliament or congresses to tamper
with the treaty."

"The treaty's opponents who say it is
too hard on Germany were outspoken
against Germany during the war," he
declared. He characterized them as
"pitiless then and pitiful now." The
president was introduced to a crowd of
8,000 at the auditorium as "some
man."

Another speaker, in a brief address,
referred to Wilson as "the modern
Columbus who has found new worlds."

Wilson spoke under difficulties.
Babies wept loudly in the rear of the
house and there was considerable con-
fusion at times with yells of "Order."
"If America stays out of the League
of Nations and plays a lone hand," he
said, "that hand must be on the handle
of a sword and the nation's youth must
be trained to arms."

Need Industrial Democracy

There must be industrial democracy
as well as political democracy, he
declared, calling attention to the labor
feature of the treaty. Monopoly must
be wiped out, he said, to insure in-
dustrial democracy. He repeated his
warning of bolshevism spreading to
America unless world conditions are
stabilized.

"There are apostles of Lenin in
our midst," he cried, and a murmur
swept over the crowd.

Wilson said he understood radical-
ism was prevalent in the West. He
was not opposed to orderly agitation,
he said, but wanted to remove its
causes. He argued that the industrial
conference in Washington will tend to
reduce it.

On the way from the station, cow-
punchers stopped their horses around
the president's automobile. Several
hundred people, including ranchers,
cowboys and soldiers gathered at the
depot to see Wilson leave for Helena,
where he speaks tonight.

Before leaving, the president de-
clared that judgment from what the plain
people he had met had told him, the
treaty would be accepted as it is by
this country.

"The women especially are for it,"
he declared.

Wilson Much Refreshed

Wilson was much refreshed as the
result of taking a long rest yesterday,
when he spoke but once, at Bismarck.
N. D., and said a few words to a rear
platform crowd at Mandan. During
the rest of the day he waved to
crowds at the few towns through
which his train passed slowly and it
was understood, devoted some time to
plans for the industrial conference
which will meet next month in Wash-
ington.

The presidential special traversed
miles of lonely land treeless and with
little indication of human habitation.
Wilson rode part of the time on the

Attorney General Palmer May Take Hand In Steel Workers Proposed Strike

By RALPH F. COUCH
(United Press Staff Correspondent)
WASHINGTON, Sept. 11.—Attorney General Palmer today be-
gan studying working conditions in the steel mills districts while union
officials went ahead perfecting plans to handle the nationwide strike
set for September 22.

"If federal laws are violated the department of justice will act,"
said Palmer.

Union leaders charge that constitu-
tional guarantees of the rights of free
speech and free assembly have been
nullified in western Pennsylvania at
the behest of the United States Steel
Corporation. The steel workers say
this is why it became necessary for
them to refuse the request of Presi-
dent Wilson that strike action be de-
ferred until October, when labor and
capital will meet here in "round table."

Palmer let it be known today he has
been in touch for several weeks with
conditions in the Pennsylvania mill
district, where the unions charge, the
steel companies have been conduct-
ing a campaign of "brutal murders,"
through use of "professional gun men
and thugs" employed as guards.

Governor Sproule has informed the
attorney general he had the situation
"well in hand."

Backed by the American Federation
of Labor, union officials here and on
their way to Pittsburgh today pre-
pared for a finish fight with the United

States Steel Corporation to force rec-
ognition of their union.

"Chairman Gary of the steel corpora-
tion said our unions do not truly rep-
resent his employees," said Chairman
John Fitzpatrick of the committee.
"That is the reason he gave for re-
fusing to meet us. We are going to
strike to show him our claims are jus-
tified and that we do represent the
workers."

Although Fitzpatrick refused to vol-
unteer an estimate of the number of
workers subject to the strike call, he
said, 300,000 to 500,000 was a "good
estimate."

Fitzpatrick today was getting in
touch with 100 union organizers scat-
tered through districts where officials
expect the hardest battles of the
strike.

Union officials believe they can shut
off the corporation's ore supply by
tying up its big fleet of steamships
through a sailors' strike.

TRANSIENT PEOPLE TO PAY BY MONTH

Franchise Will Be Sold on
Tuesday; Association to
Be Only Bidder

\$100 TO BE CHARGED
AS INSTALLATION FEE

Subscribers May Pay Lump
Sum or Installments Can
Be Arranged

IN preparation for an active campaign
to promote their plans when they
secure a franchise next Tuesday, the
directors of the Orange County Farm-
ers and Merchants Association last
night adopted tentative plans for fi-
nancing the mutual telephone system
to be installed in the county.

The franchise is to be sold by the
Board of Supervisors next Tuesday
and it is expected that there will be no
offer other than the one by the local
organization, as the franchise is for a
mutual system.

So far there has developed no oppo-
sition to the plans of the association,
and if court action is to come by the
state or competing company, it should
be developing soon.

With the franchise secured, the as-
sociation will become active in obtain-
ing members and carrying out other
details necessary to the execution of
the big plans under consideration. It
is to be a million dollar project, the
directors basing plans on a 10,000
phone system at a cost of \$100 per
phone for installation.

Adjustment of a financial plan that
will prove equitable to all who become
members has been one of the prob-
lems the directors have had to wrestle
with, and tentative plans informally
agreed to last night seem to offer a
solution of the problem.

For Temporary Residents
Provision for the transient, or tem-
porary resident, has been the hard
nut to crack, but this the board be-
lieves it has settled in a manner that
will be equitable and fair to all con-
cerned.

A membership fee of \$10 is to be
charged, with provision made for tak-
ing care of the subscriber whose fi-
nances will not permit payment of the
\$100 installation cost in a lump sum.
All will have to pay the fee upon ap-
plication for membership. The sub-
scriber may pay the full cost or he
may pay \$2.75 per month for a period
of three years to cover the installation
cost.

The monthly rate includes 6 per cent
interest. This payment will be in ad-
dition to the monthly exchange rate
that may be established by the board
when the system is in operation. A
subscriber who has paid in the full in-
stallation cost will be refunded \$95
when he discontinues his phone ser-
vice, \$5 being retained as an installa-
tion fee.

In the instance of a subscriber pay-
ing the installation cost by the month,
if he severs his connection with the
association before he has completed
full payment, \$5 of the initiation fee
and \$2.50 for each month he has paid
will be returned to him. Half of the
membership fee and 25 cents per
month will be retained by the associa-
tion for installation and interest.

Will Cancel Certificates
In order to prevent accumulation of
membership certificates in the hands
of one man or a group of men, certi-
ficates will be cancelled when a mem-
ber withdraws. In case of a subscrib-
er selling his property, the certificate
(Continued on page two)

California Senator Who Is Fighting League of Nations

WILD, EXCITED, CHEERING THROUGH HEARS ENEMIES HAMMER TREATY, LEAGUE

By FRED S. FERGUSON
(United Press Staff Correspondent)

CHICAGO, Sept. 11.—Chicago is interested in the senate opposition to the
peace treaty—howlingly interested.

Not since the days of 1912 when the big auditorium here saw the birth of
the Bull Moose party has such a vast, excited, wildly cheering throng jammed
that place and shouted encouragement to speakers as worked itself into drip-
ping perspiration last night in greeting the speeches of Senators Johnson, Borah
and McCormick.

It was sweltering hot. But men took their coats off, women wielded fans
and they jumped to their feet demanding the impeachment of President Wilson
and shook the whole house as they tagged him a "quitter."

Senator Johnson left at noon today for Indianapolis, while Borah and
McCormick prepared to follow different routes, confident that if the enthusiasm
met in Chicago is continued, the senate will have complete backing in making
amendments and reservations to the treaty recommended by the foreign re-
lations committee.

"I have heard of men placing themselves in the hands of their creditors,
But never have I heard of a man placing himself in the hands of his debtors."
Senator Johnson told the vast throng as he explained what he believed the re-
lation of the United States and other powers to be under the league of nations.
"The United States is the greatest solvent power on earth and they ask us to
enter into partnership with four bankrupts."

Thrusts Bring Prolonged Cheering.
Such thrusts as this brought deafening cheering lasting minutes. And as
Johnson progressed cheers swept in from the street. A crowd twice as big as
that packing the auditorium was waiting there and as they left the platform the
three senators crawled upon the fire escape to repeat their speeches to the
crowd there.

Johnson recited each of the principles enunciated by Wilson and which
he declares were beaten and abandoned in Paris. He said they were Ameri-
can principles. As he went on and shouted, "But as Clemenceau grimaced
or Japan shook her head, who quit?" The crowd jumped to its feet and
yelled back:

"Wilson!"

Johnson declared the country had been flooded with government propa-
ganda for the last two years, propaganda for which the people paid, lauding
him in power.

"We have been picking our pockets to poison our minds," he declared, and
again the big auditorium let loose a thousand-lung-power yell.

Describing the peace conference, Johnson said the "President sat with

ANSWER TO PACT FOES FILED BY SOLONS

Minority Members of Foreign
Relations Committee Tell
Reasons For Stand

RATIFICATION DELAY
SHOWS IN U. S. TRADE

Declare Amendments Mean
America Will Lose All
Concessions Made

By L. C. MARTIN
(United Press Staff Correspondent)

WASHINGTON, Sept. 11.—Six Dem-
ocratic members of the foreign re-
lations committee today presented to
the senate a minority report on the
peace treaty, urging unqualified adop-
tion of the pact.

The report replies to statements
made in the majority report filed by
Senator Lodge yesterday and charges
that senators opposing the league of
nations, knowing it is invincible in a
fair fight, are trying to defeat it "by
indirection," through reservations.

The proposed reservations, the re-
port said, have all the vices of amend-
ments and the "additional vice of pre-
tending to be what they are not"—in-
terpretations of the covenant language.

The document, which was signed by
Senators Hitchcock, Williams, Swan-
son, Pomerene, Smith of Arizona, and
Pittman, stated:

"That delay in reporting the peace
treaty has resulted in 'government by
obstruction.'"

That American trade already shows
effects of this delay.

That adoption of the majority's
amendments or reservations means
the United States will lose all conces-
sions secured from Germany by a dic-
tated peace.

Seek Treaty Defeat

That the reservations are the work
of senators determined to destroy the
league and if possible defeat the
treaty.

That the League of Nations is the
world's only hope of preventing in-
ternational chaos.

That those opposing it have nothing
to offer to do this.

"We deplore," said the report, "the
long and unnecessary delay to which
the treaty has been subjected while
locked up in the committee, whose
majority decisions and recommenda-
tions were from the start a foregone
conclusion."

"The industrial world is in ferment,
the financial world in doubt, and
commerce halts while this great de-
lay in the peace settlement has been
caused by the majority of a commit-
tee known to be out of harmony with
the majority of the senate and the
majority of the people. This is govern-
ment by obstruction, as well as by a
minority."

"For the first seven months follow-
ing the armistice our exports aver-
aged almost \$700,000,000 per month,
but in July they fell to \$570,000,000.
Europe undoubtedly wants our ex-
ports, but can only take them in full
quantity if our financial institutions
provide the credit to bridge over the
period necessary to restore European
industry to productiveness."

Credit Is Withheld

"This private credit cannot and will
not be furnished as long as the peace
settlement is in doubt. Since the ar-
mistice was signed, our government
has advanced to European govern-
ments nearly two and one-half billion
dollars, which was almost enough to
(Continued on page two)

BRAKES SHOULD ALWAYS BE IN GOOD SHAPE

Lives Often Depend Upon Ability of Driver to Hold His Machine

Good brakes on the "old boat" are about the best form of life insurance the auto driver can have. In fact they are about the most important part of the car. A pretty poor sort of engine will run the car, but to stop it requires the best there is to be had. "Pretty good" will not do in an emergency. You need a motor to get there, but without good brakes you may get too far. Like the orator, you need good terminal facilities.

There is nothing the matter with the brakes on most cars when they come from the factory. There will be little the matter with them at any time if they get the proper care—if oil is put on where it is needed and kept off where it is not needed, and if worn parts are renewed in time to prevent accident. The brakes will hold the car as long as they are in condition; they are sufficient for all needs so long as they are in order.

Every car has two sets of brakes, operating independently of each other, and either one should be in shape to hold the car at a standstill, or, in chauffeur phrasing, "slide the wheels."

Drivers should learn to use first the foot and then the emergency brake on long hills. This alternating allows each in turn to cool off for where there is so much friction heat cannot be avoided, and only by alternating the brakes is there safety from burning out linings.

Should Use Engine.

The driver should learn also how to use the engine as a brake. By engaging a lower gear and cutting off the ignition the engine under compression will retard the speed sufficiently so that moderate use of the foot brake is enough for safety. Likewise safety calls for slow speed in descending a long hill, as less heat is developed, or at least it is developed more slowly.

A serious cause of brake failure is oil. As a rule, this comes from the differential, leaking through the axle housing to the hub and overflowing thence to the brake drums. This may be the result of enthusiasm in lubrication. And sometimes the play of the parts acts like a pump and sends the oil out along the axle. The remedy is using less oil, and if that does not remedy it, put a felt washer in the axle housing.

This consists of a long, thin strip of hard felt wound around the shaft. Wind it, beginning at the wheel end, in a direction opposite to the forward motion of the shaft. It should be fastened to the shaft with shellac and bound with cord in several places. It need not cover more than six or eight inches of the shaft.

But oil is needed upon other parts of the brakes, if not the bands. There are many bearings, and usually they are oiled with a squirt can. There is not much motion in any of the bearings, but it is fairly constant. Notice when driving, in the city particularly, the number of times the brake is applied, and remember just how the action is taking place in the mechanism. It will make you realize lubrication necessities.

The linings wear thin, also, so that bands clear of the drums need attention occasionally to see that they do their duty and are not broken. Another thing to watch is the condition of the brake lining. It may become greasy and will not grip the drum. The garage man will burn out the greases with a torch after removing the bands, and you can save this expense by doing it yourself. Soak it in kerosene and apply a match if you have no torch.

The linings wear thin, also, so that the retaining rivets score the drum. Better let the repair man replace the linings; but if you are far from that individual and mechanically inclined, you may do the job if you can get the proper lining material and remember to countersink the rivets.

Douglass McPhee of Santa Paula is here, a guest at the J. W. Taylor home. He will go to Redlands Monday to re-enter the University there.

LATE FORD TOURING

\$200.00 extras, including 6 new tires, 2 nickel bumpers, large water pump, large steering wheel, 8 day clock, cow dash speedometer, light and switches, wheel lock, coil box lock, Petry cut-out, \$7.50 alloy, emergency gas tank, shock absorbers, safety steering device, safety truss rods, Kaufmann spotlight, plate glass mirror, genuine leather cushions, tire carrier and many others. I bought and equipped car for mountain trips. Have two touring cars and account of wife being sick last 2 months car useless to me. Price \$675 cash.

DR. JOHN WESLEY HANCOCK
319 West 17th St.

FINANCING PLAN FOR NEW PHONE SYSTEM MADE

Installation to Cost \$100 But Greater Part Will Be Returned

(Continued from page one)

will be transferred to the buyer should the buyer want to continue the phone. In case he does not, the original owner of the certificate will be reimbursed to the amount he has paid on the installation costs, less the designated amounts for installation and interest, the interest being deducted only in such cases where payments are made by the month and have not been completed.

A campaign for memberships will be started as soon as possible after the franchise is granted and other details have been taken care of. It is the opinion of the directors that there will be little difficulty in getting members. They believe there are hundreds of men in the county who will pay the \$100 installation cost on the spot, and that other hundreds will willingly pay the membership fee and monthly payments necessary to absorb the costs.

The county-wide free tolls is expected to be a big drawing card, with every probability of the exchange rate being no greater than it is today with service limited to the area of the individual exchanges.

It probably will be two years after actual work is started before the system will be in operation. It is believed money from the membership fee and monthly payments, together with full payment at once by many members, will be sufficient to carry on the construction work until the association has reached that financial position where it can go into the market and borrow money.

Some of the directors go so far as to express the belief that the monthly exchange rate and the monthly payment on the cost of equipment will be no more to subscribers who take the monthly payment plan than they are paying monthly at the present exchange rate.

CANTU DECLARES MUTINY OF NO SIGNIFICANCE

One of Culprits Caught and Others Sought, Governor Says In Statement

CALEXICO, Cal., Sept. 11.—The mutiny of Cantu soldiers at Algodones, Lower California, September 8, "has no significance at all," Governor E. Cantu of Lower California, declared today in a statement to the United Press.

The governor had been asked regarding reports that the mutiny was part of a Villa or Carranza conspiracy to overthrow him.

Governor Cantu also revealed that one of the three leaders in the mutiny had been captured and he expects the early capture of the others.

"The unhappy event of the early morning of the eighth instant in Algodones has no significance at all," the governor's statement said, "and it has not disturbed the tranquility of this district of lower California."

"It consisted of the uprising of a small group of ten men, instigated by three of themselves who had succeeded in having the position they held by abusing the good faith of the authorities."

"These men have been efficaciously pursued, one of the principal instigators of the crime having been caught and it is expected the remnant of them will be caught soon."

"This government takes pleasure in making public its appreciation of the good will shown by the American authorities within their jurisdiction on account of the event."

"Those captured are being tried by the proper authorities."

TOUCHING THEM

Pastor—"Don't you think I touched them rather deeply this morning?"

Deacon—"I don't know, sir. I have not counted up yet."—Boston Transcript.

Miss Holly Dale leaves tomorrow for Brawley, where she will teach the first four grades in the Mulberry district.

6 SENATORS ASK PEACE TREATY ADOPTION

Minority Report Answering Enemies of Pact, Is Filed By Solons

(Continued from page one)

cover the balance of trade during the eight months period. Our government, however, has about reached the end of its authority given by congress and will advance but little more."

The minority ridiculed the claim of the majority that trading with Germany has been resumed, and, while admitting over \$11,000,000 worth of goods had been exported to Germany since the armistice, pointed out that this is about two cents per month for each person in Germany.

Taking up the majority amendments the report continued:

"As far as the proposed textual amendments are concerned * * * they have no merit * * * None of them could by any possibility be accepted even by the great nations associated with the United States in the war, and none of them would by any possibility be dictated to Germany. To adopt any one of them, therefore, is equivalent to rejecting the treaty."

The suggestion that amendments would not necessitate reassembling the peace conference, because it is still in session, has no force, the minority said, because the conference has acted finally on the treaty.

Nor could German delegates be recalled to Paris and forced to accept the amendments, said the report.

Must Sacrifice Benefits

The United States must sacrifice all the benefits to be derived from the treaty if it is appended or rejected, the report declared. Among the benefits to be sacrificed, the report says:

First, Germany's acknowledgment for responsibility for the war and her promise to make restitution for damages resulting from it.

"Second, Germany's promise to us in the treaty that she will not impose higher or other customs duties or charges on our goods than those charged to the most favored nation, and will not prohibit or restrict or discriminate against imports directly or indirectly from our country."

"Third, Germany's promise that she will make no discrimination in German ports on shipping bearing our flag."

"Fourth, that for six months after the treaty goes into effect no customs duty will be levied against imports from the United States except the lowest duties in effect for the first six months of 1914."

HOAX IS PERPETRATED BY CLEVER SCLUPTOR

QUAKERTOWN, Pa., Sept. 11.—Coroner Howard P. White wants to congratulate the clever sculptor who molded the figure of a young woman and placed it along a stream at California, a village near here, making it look so realistic that the finders of the image suspected foul play and sent to Doylestown for the coroner.

The sculptured form was smeared with a red substance and partly hidden by foliage. A knife was placed at its side. When Coroner White and an undertaker investigated, after children had reported the "grievous" find, they uncovered the hoax.

BIG CINNAMON BEAR KILLED IN COLORADO

DURANGO, Colo., Sept. 11.—Sol Exon, a flockmaster in the Echo Basin country, recently killed one of the largest brown cinnamon bears ever seen here, the animal weighing 1,000 pounds. The bear had been feasting off of choice mutton and an eighteen-pound trap was set for him and brained stepped into it, but he tried to drag it away. Mr. Exon followed the course where the trapped bear had dragged the trap and a 200-pound pole for a mile before getting entangled so that he could go no further. The animal showed fight, but was killed by two rifle bullets.

NO CUPBOARD

Passenger (after first night on board ship)—I say, where have all my clothes vanished to?

Steward—Where did you put them before you got into bed last night?

Passenger—I folded them up carefully and put them in that cupboard over there.

Steward—I see no cupboard, sir.

Passenger—Are you blind, man? I mean that one with the round glass door to it.

Steward—Let's bless me, sir, that ain't no cupboard, that's the port-hole.—Edinburgh Scotsman.

THROUGH CHEERS PEACE TREATY FIGHTERS

Johnson, Borah and McCormick Stir Big Audience In Chicago Auditorium

(Continued from page one)

his mind full of beautiful phrases, while the European and Asiatic diplomats sat with their pockets bulging with stened, sealed contracts carving up the world."

"Why talk of the altruism the President says is in the document he brought back?" asked Johnson. "He brought back just what was handed him."

Cries of "impeach him," "don't give him any more power," arose as Borah told of the 7000 Americans in Siberia, without authority of congress or the people. Responding to this latter cry, Borah shouted:

"Let's say this: Before we try to take any power out of his hands, let's refuse to put any more power in his hands."

Biggest Demonstration

This brought the biggest demonstration of the night. Several men ran up and down the aisles waving their hats and shouting. The entire vast throng, from orchestra pit to roof, arose en masse, shouted, whistled, yelled, stamped, waved hats and coats and with the aid of a few strains from the band, kept it up several minutes.

Borah declared that the amendments and reservations that have been reported by the foreign relations committee are designed "for just one thing—to safeguard American interests." He asked what objection there could be to such a principle and again had the big crowd with him when he declared:

"If there is any power that doesn't want to see these interests safeguarded; if there is any power that does not want to recognize our right to decide when the Monroe Doctrine shall be operative; or does not want to permit America to be able to say when she shall withdraw from the League of Nations, let her say so now and tell the American people why."

"The fight that is now going on is not whether there shall be a league or no league," said Borah, "but whether the league shall be Americanized."

Would Fight Any League

He added that if he could make the issue he would fight against any league, but added "understand, that's the issue as it is."

Referring to England's voting power in the league and similar matters Borah declared "they are trying to give back to George V in thirty days what it took George Washington seven years to wrench from George III."

As Borah referred to the league covenant as a "treacherous, cowardly, traitorous scheme," a voice bellowed back midst the cheers:

"Wish we had fifty-six senators like you."

Borah referred sarcastically to a recent statement by Thomas Lamont of J. P. Morgan and Company, saying that the condition of foreign exchange has been critical, due to the senate delay. Declaring that in this "crisis of the republic" Lamont could see nothing more than the price of foreign exchange, he expressed the hope that the senate would always incur the displeasure of the Lamonts of the country.

FLICKER IS NATIVE OF EVERY STATE IN UNION

The alert and industrious flicker is suggested by Frank M. Chapman, writing in "Our Winter Birds," as the national bird, because it is a native of every state in the Union. He says it is also adaptive and intelligent, peaceful though brave, useful and beautiful, but he cannot sing. The bird makes up for his failure to contribute vocal solos by drumming exhibitions that any tick-a-shave drummer would envy.

When the bird gets on a tin roof or gutter, and is feeling facetious, its work with its beak is marvelous. "It wins its way peacefully if it can, but if it is aroused it fights for all it is worth," Chapman writes. "It is a beautiful bird, known by many other names, such as crescent bird, because of the black crescent on its breast; golden-winged woodpecker, because of the yellow revealed in its wings when it flies; the cotton rump, because of the white on its back, and the yarrow and yellowhammer. Its home is anywhere between Central America and Canada and in character, habits and appearance it is clearly a credit to the country."

ARTIFICIAL TAIL IS GIVEN CIRCUS HORSE

CHICAGO, Ill., Sept. 11.—This is the tale of a tall end of a tail. The tail belongs to Starlight, a horse at the circus and so did the tail end until it was lost in an accident. Now a new tail end, made by a Parisian wig-maker, arrived and was fastened to Starlight's abbreviated tail. Now the big white horse can successfully flail the flies with his false tail end, and that is the tail end of the tale.

NOW IT LOOKS

The artist dipped his brush in a bucket of paint and wiped it across the canvas several times horizontally. When he had done this he took the result of his labor in hand, and carefully placed it in an elaborate frame.

"What's the idea?" his boon companion inquired.

"Impressionistic study."

"Do you mean to tell me that is a finished portrait?"

"Certainly."

"What are you going to call it?"

"A village street as seen from the rear seat of a motorcycle."—London Answers.

THIS TREATY OR NONE, SHOUTS PRESIDENT

Wilson Says Lone Hand Must Be Kept on Sword If It Is Played

(Continued from page one)

observation platform, giving a flourish of his hand to an occasional motorist or rancher who had a fleeting glimpse of him.

In Montana he was in Democratic territory, but tonight he crosses the line into Idaho, the stronghold of Senator Borah, implacable foe of the treaty.

The hat which Wilson wore in the big cities has disappeared and is not expected to emerge from its box until the president reaches the coast.

Wilson is known to believe the people are with him and he is urging them to make their sentiments felt in Washington.

Finds Much Enthusiasm

During the first week of his tour he always addressed packed houses, most of which were enthusiastic. A review of the first week shows the high water mark was reached in St. Paul and Minneapolis, where the throngs were biggest and noisiest. Des Moines ranks next. Probably the least enthusiasm so far was shown by the street crowds at Omaha. But all the receptions have been good and members of the presidential party say they are quite satisfied.

The president believes the best argument in favor of ratification is an explanation of just what the treaty provides. He summed up his views of the provisions, had it written out and distributed to the newspapermen of his train.

This memorandum said that the treaty provides for destruction of autocratic power as an instrument of international control, admitting only self-governing nations to the league for substitution of publicity, discussion and arbitration for war, using the boy scout rather than arms, for placing the peace of the world under constant international oversight, for disarmament for liberation of oppressed peoples, for discontinuance of annexation and the substitution of trusteeship with responsibility to the opinion of mankind, for invalidation of secret treaties for protection of dependent peoples, for high standard of labor under international sanction, for international coordination of human reforms and regulations.

KNOWS TOAD CAN STAY SEALED FOR 18 MONTHS

"Many stories are extant tending to show that toads have been found alive in rocks or in soil deep in the earth, yet so far as investigated by the writer in no case has the evidence been at all conclusive," says A. H. Kirkland in an article on "The Garden Toad" in Boys' Life. "On the other hand, experiments have shown that toads may be kept alive at least eighteen months, sealed up in plaster or limestone. There is little doubt that the toad may live to be twenty years old, or more."

"Though it lives alone in summer toads often hibernate in colonies of half a dozen or more. In feeding usually by night, the toad patrols a fairly well-defined beat, garden and flower beds are frequented, and particularly the ground under are lights, where numerous insects fall fluttering from the lamps above. When food is abundant, as shown by experiments on toads in cages, the animal eats an equivalent of four square meals daily, consisting of caterpillars, cut-worms, beetles, ants, etc."

VAUDEVILLE ARTISTS DANCE OUT OF JAIL

ATLANTA, Ga., Sept. 11.—When Judge Johnson in police court seemed to doubt the story of James and Minnie Rigbins, who maintained that they were vaudeville artists, they offered to do their "stunt" to prove it. Space was "squared off" and the couple, blacked when they were arrested, executed several negro turns before His Honor. "Fine!" pronounced the judge after an encore. The couple looked horrified.

"Ho-o-how m-much, Judge?" asked the male and female duo.

"I mean the show," laughed the judge. "Case dismissed."

GHOSTS TO CUT BILLS

ANTWERP, O., Sept. 11.—Visitors cause heavy grocery bills. A family in Paulding learned this and discovered also visitors don't like ghosts. Their home was believed to be haunted. The man of the family dressed himself spookily in a sheet and danced around the visitors' windows in the moonlight. Next day the visitors left and grocery bills dropped.

HE WAS "IT"

A story told by Bishop Greer of

New York illustrates the plain nature

of the man. On an occasion when he

was to confirm a class a carriage was

sent for him in charge of an English

coachman who had been imported by

a wealthy American. Bishop Greer

walked unaccompanied from his front

door to the carriage and entered it,

but the driver did not move his

horses. After waiting for a moment

the bishop asked the man why he did

not drive on. "I'm waiting for the

Lord Bishop of New York, sir," the

proper person replied. "Well," said

PRIZES FOR AIR FEATS OVER FRANCE SMILING YEAR AFTER BATTLES

Aeronautic Authority Says Practicability of Lines Established

NEW YORK, Sept. 11.—More than a million dollars in prizes is being offered to stimulate aeronautic development in Europe, according to Victor de Saint Blancard, Secretary of the Aero Club of France, who has arrived in New York.

De Saint Blancard is considered one of the highest authorities on aeronautics in the world. He said France, England, Italy, Belgium and Spain are planning excessive aerial routes, both for mail and transportation, to their colonies in Africa.

"Successful flights have been made from France and Italy to Africa, and from England to India and Africa," said de Saint Blancard. "They have demonstrated the practicability of establishing aerial lines which will be economically practical besides cutting down the time of transportation of mail and express to one quarter of the time now required by land and water."

"Practically all of the French, British and Italian manufacturers have produced airplanes fitted with cabins which permit travel with comfort. Large dirigibles will be employed on an extensive scale."

The prizes, according to de Saint Blancard, are headed by the British government with \$320,000 for competitions to develop safer planes.

The Aero Club of France has \$400,000 in prizes donated by Henri Deutsch de la Meurthe.

The French newspaper, "Echo de Paris" has given \$60,000 for a 2500 miles circuit race.

The French newspaper, "L'Avenir" has given \$20,000 for cross country contests.

Fifty thousand dollars has been offered to the first Australian pilot who flies from Great Britain to Australia.

The "London Daily Express" has offered \$50,000 for aeroplane demonstrations establishing aerial communications on a commercial basis with India and South Africa, the machines entered being required to carry at least one ton of cargo.

A prize of \$32,000 has been offered for the first Portuguese or Brazilian aviator who flies from Portugal to Brazil.

A \$50,000 prize has been offered by Thomas H. Ince for a trans-Pacific flight.

A \$25,000 prize has been offered by Raymond Orteig for the first flight from New York to Paris.

A \$2,000 trophy has been offered by Capt. Charles J. Glidden for the Glidden Airplane Efficiency Tours, to be competed for under rules similar to the Glidden Automobile Tours, which did so much to bring about the use of automobiles for pleasure and transportation.

A \$5,000 prize and other prizes have been offered for the international marine flying trophy race, for the best speed over a distance of 200 miles, to be held in England in September.

De Saint Blancard stated that a number of long distance airplane and dirigible flights were being planned in Europe, including a flight of 20,000 miles by the famous Italian poet, Gabriele d'Annunzio who plans to fly from Rome to Tokyo and back.

Los Angeles Soldier Views Places Visited While War Was On

LOS ANGELES, Sept. 11.—Viewing a year later the territory he marched and fought through during the battles of 1918, David W. Conrey, formerly a corporal in the 322nd Field Signal Battalion, saw the French methodically cleaning up all villages that had not been destroyed, and wiping out the stains of powder with flowers and grass.

Conrey saw action on the Marne, at St. Mihiel and in the Argonne-Meuse battle.

"Early in June I spent an interesting day seeing places in Chateau-Thierry and the Marne country where I was with the 322nd a year before," said Conrey. "I walked 20 kilometers and talked with many people. The green and flower dotted country was the same in many details but the human part was very different. The hurrying soldiers and marines of the earlier visit were missing. The roads, in 1918 choked with guns, munitions and supply trucks, etc., were quiet and clean."

Villages Cleaned Up

"The villages, where not destroyed, were cleaned up. Contented, happy-looking people sat outside their doorsteps that Sunday afternoon, interested in the few passers-by."

"At Montreuil-aux-Lions I passed the house where we of Company A were quartered. When I left it there were trucks in the yard and dirt everywhere. This time, the formal little flower garden was flourishing and a gray-haired woman sat there enjoying the evening. I visited another farmhouse where we had stayed. This was on the firing line and some buildings were badly damaged. Close by, last year we saw the bodies of several Germans, several French and two American marines. The French graves are well cared for, the Americans are moved to an American cemetery—the enemy graves are marked with crosses. Much ammunition still lies along the roads the boche held—shells still in their wicker cases, which the tourists leave alone because of their dangerous and explosive contents. At Belleau Wood the trees are partly dead, and none of the survivors of the forest fails to show marks of torture."

Oiled Paper Windows

"At Chateau-Thierry I visited the remnants of the chateau—a sort of fortress built in 720, and prominent in history even before the struggle of 1918. All the stained glass windows in its church were shattered by concussion and an oiled paper substitute was used. The services that day must have been particularly impressive. As I stood there in front of the church, the bell seemed to me to be trying to sound a feeling of triumph on the day exactly a year after the Germans were stopped in the town."

Boy, 11, Earns \$60 During Vacation Buys New Wardrobe

ONE of the proudest little fellows to start his first year in Intermediate school this term is Master Harold Juell, who although but 11 years of age, had purchased his entire wardrobe with his own earnings during the vacation period, the amount totalling the goodly sum of \$60.

Harold has made his home since babyhood at the home of his grandfather, J. P. Gutzweiler, foreman at Rafferty's gardens, and he has earned his money at various tasks in this establishment, answering the phone, helping in making floral pieces, delivering and such other work as he can do.

Harold's ambition is to go to college, and after purchasing a full outfit of clothing, "from the skin out," he had about \$17 left and he has placed that in the bank, as a nucleus for a start to the higher institution.

His ambitions are high, too, as he says he wishes to attend Yale. He told his favorite aunt that he thought he would attend Yale and he thinks he can arrange it "to come home nights."

(Note.—If there are other little boys or girls who have done as well or better than this, it is requested that they call up the Register office, 79 or 29, and tell us about it.)

GIRLS WON'T INVITE DRINKERS TO DANCE

LE ROY, Mich., Sept. 11.—Le Roy girls won't associate with hard cider guzzlers. They let the male contingent of this village know that when they gave a dancing party without inviting any of the male population to trip the light fantastic. The reason, they said, was because a number of the boys come to dances jazzy. The girls say they had a "perfectly lovely" party because no one stepped on their feet or blew hard cider perfume into their faces. The young men of Le Roy do not appear chastened as yet, but the girls declare that they will continue to hold maleless dances until the youth of the village "reform."

J. S. Brooks, Aged 87 Years, Finds Airplane Journey Exhilarating

You're only as old as you feel, says J. S. Brooks, aged 82 years, who thinks airplane riding the modern elixir of life.

Last Saturday he went on a 100 mile ride with a pilot. They covered Long Beach and all the surrounding country and when they returned he was ready to go again.

"Would you like to go again?" he was asked. "I certainly should; it was fine. It exhilarates you," said Mr. Brooks. "I recommend it to anyone as the best kind of an investment."

The sensation of returning to earth, so objectionable to many, held no horrors for him. He was perfectly at home from the time he took his place in the plane until he put his feet on solid ground again, the pilot said.

Stop at the gas office today and see the latest appliance in a modern heater. The Radiantfire, ideal for home heating, convenient, economical and satisfactory.

MISS BETH PHILLIPS GOING TO SEATTLE

Miss Beth Phillips, for several years assistant secretary of the Santa Ana Board of Education in charge of the office of the city superintendent of schools, has resigned her position, and about October 1 will leave for Seattle to take a position with the Industrial Loan & Investment Co. of that city. E. H. McMath, former principal of Santa Ana High School, is manager of the company. A. E. Henning, formerly an instructor at the high school here, who is with the company, has been advanced recently, and Miss Phillips is to take the place formerly occupied by him.

Miss Phillips' departure will be regretted by a large circle of friends, among whom are hosts of present and past patrons of the Santa Ana schools, with whom she has always been popular. However, they will be glad to know that her new position offers an opportunity to enter into business life under advantageous conditions.

Livesey's vulcanizing and retreading is guaranteed.

Santa Ana Sailor and Others Would Like to Have Some Magazines

In the Balkans, where there are a lot of people who do not seem to know that the war is over, is a Santa Ana man and a lot of other of Uncle Sam's sailors who want some magazines, and there is no reason why Santa Ana shouldn't supply the whole warship with reading matter. A letter just received from Elwell Squires, who is the Santa Ana man concerned, has the following:

"The Register is coming regularly, and to me every copy is deeply interesting. To tell the truth, the Register is about all of the reading material I get. If you or any of your friends have any old magazines that you have finished with, I and all of the boys on this vessel certainly would appreciate it if you would send us a few."

Squires is a musician aboard the U. S. S. Olympia. His address is: "Elwell Squires, the band, U. S. S. Olympia, care of Postmaster, New York, N. Y."

Pure crushed fruit flavors are used in Dragon Milk Chocolates. Just try a box.

Sailor Is Peeved When Wife Has Him Halted On Perilous Sea Trip

BREMERTON, Wash., Sept. 11.—Henry Tortensen, instead of being well toward San Francisco, is at his home here today.

Tortensen is considerably peeved and highly nettled, to say nothing about being put out and sore. The reason: His wife wouldn't let him sail the wild ocean in a small boat.

With thirty years' experience in the navy behind him, Tortensen started for San Francisco in a 26-foot boat. He forgot to get his wife's permission. Landing at Port Angeles, Wash., he found a welcoming committee of one awaiting him—the sheriff. Mrs. Tortensen had telegraphed to the sheriff her fear that Henry wasn't in his right mind, and asked the officer to stop him. The sheriff did—sent him home.

"You would think I was a child," the sailorman exclaimed when the sheriff speared him. "Just as if I don't know the way to San Francisco."

Torosa Rebekah Lodge will give dance Wednesday evening at I. O. O. F. Hall for benefit of Orphans Home. 25c admission.

GODSHALL.—In Santa Ana, Calif., September 9, 1919, Mrs. Cora A. Godshall, aged 54 years.

Funeral services will be held Saturday, September 13, at 10 a. m., from Smith & Tuthill's chapel. She was a sister of Mrs. J. M. Akins of 221 Cypress avenue.

DOGS HAVE FEELINGS DECISION OF JUSTICE

VANCOUVER, Wash., Sept. 11.—That there might be circumstances when even a dog would be justified in using direct action in the defense of his person was the substance of an opinion by W. S. T. Derr, justice of the peace, in deciding the case against C. Cady for harboring a vicious dog. The complaint against Cady was filed by Andy Johnson, who charged the dog had bitten his boy. The boy testified he had done nothing to aggravate the dog, and that the canine was not justified in his retaliatory methods. In rendering his decision Judge Derr said: "A dog remembers a grievance all his life. If he is abused he will always remember the man that abused him. I am satisfied the dog bit the boy, but probably the dog was justified. Even dogs have feelings."

THE COUNTY FAIR

A county fair is to be held at Huntington Beach, and it is proposed to make that fair bigger and better than any of the fairs hitherto held at Huntington Beach.

Last year, a fair of high standards and attractions was given at Huntington Beach. The effort to make the fair of countywide proportions rather than to confine it to community activities and exhibits was successful, although the support given the fair from other communities was not what it ought to have been and not what the fair really deserved.

This year's exhibition is being planned with the idea of making it more than ever a county affair. The show is to be bigger and better than last year, and that alone means that any community of Orange county that overlooks the opportunity to join in the demonstration will be loser.

The cities of Orange county are riding themselves of jealousies of each other. There is a recognition of the fact that complete harmony and a true spirit of co-operation and understanding are necessary if the county is to develop as rapidly as we all want it to develop. Huntington Beach in its present undertaking needs the co-operation of all of the communities of the county. A county fair cannot be spread out all over the county. It must be held at some particular point, and since Huntington Beach is willing to risk the financial burden, since its citizens are willing to put in the vast amount of work necessary to stage the affair, certainly every other community of the county ought to seize the opportunity for taking part in putting on a fair in every way a credit to the efforts put forth and to the county as a whole.

DEMOCRATIC ROYALTY

The democracy idea really seems to be spreading. Suggestions of it are found nowadays even among royalty.

We have heard often of "democratic kings" in these latter years, and there has been some notable progress made along this line by the royal families of Belgium, England and Italy, but on the whole, the term has been a misnomer. Royal democracy has consisted chiefly in condescending to mingle with "commoners" occasionally—a mere yielding of substantial power and privilege.

Now, however, King Victor Emanuel of Italy gives a more convincing sign of falling in with the spirit of the times. He is said to have handed over "six of his finest palaces, villas and parks" for the permanent use of disabled soldiers, sailors and orphans of those killed in battle, and has announced that he will relinquish "all his vast domains" for the benefit of "the peasantry and those who fought for Italian unity."

More convincing still, he will subject his private patrimony to taxation equally with the tax of every "commoner, and at the same time, continue his usual public gifts of \$400,000 a year."

With all this liberality, Emanuel will hardly suffer for the necessities of life. He still has a few palaces left, and from all indications, a pretty respectably-sized fortune. How he or his ancestors obtained them it would probably be impolite to inquire. Some questions about royalty are simply not asked.

Why, anybody should ever need even as many as half a dozen places will pass the comprehension of an American, just as it passes comprehension why a ruler's wealth should ever have been exempt from taxation when the property of his humblest subject is taxed. However that may be, Emanuel is to be congratulated for having seen the light and done the decent thing beyond the wont of kings. They may all come to it, in time. If they don't, pretty soon there won't be any kings.

THE SUN'S ACCUSATION

The San Bernardino Sun is out with an accusation that is no doubt destined to stir up political fires all over the Eleventh Congressional District. It declares that it believes that a deal has been arranged by which Congressman William Kettner is again to be a candidate for re-election. The Sun prints the following:

For while it is true that Congressman Kettner "has announced that he will not be a candidate for re-election," The Sun is ready to chance its reputation as a prophet by venturing that Mr.

Kettner will be a candidate to succeed himself, when the time comes. The truth is that San Diego's commercial and big business interests, long enjoying the millions that the government has been spending there, will not be willing to take chances even on some other San Diegan, but when the time comes, all others will be "shooed" off the track, it will be announced that the pressure is so great that Mr. Kettner cannot withstand it and that he will "consent."

We believe it is true that when Mr. Kettner said last spring he wished to retire that he genuinely intended to do so. But we also believe it to be true that even now the program is laid to negative that announcement, and that San Diego interests, profiting out of government expenditures there, have agreed to supplement Mr. Kettner's salary so that he will feel that he can afford to stay in Washington. For he had intended to return to San Diego and re-establish himself in business.

San Bernardino people first ran across the trail of this political deal in San Diego a month ago. Later it was confirmed in both San Francisco and San Diego. We shall expect to hear indignant denials and all sorts of dornicks will be hurled in our direction for giving publicity to this statement, but there will be no denials twelve months from now.

The Sun is not the kind of a newspaper that would editorially print a statement such as this without it had what it considered excellent ground for the statement. If there are to be denials, let us have them. Let us ferret out the true inwardness of this political situation.

If Kettner's salary is to be supplemented, who are donors to the fund? If Kettner is to be returned as a paid man for San Diego city, where does the rest of the district get off?

Here in Orange county we would like to get at the bottom of the Sun's statement, for we have a harbor for which we would like federal aid, and we do not believe we can get federal aid if we send to congress any man who is pledged to San Diego first, last and all the time.

The people of the district are entitled to detailed information.

Some people have difficulty in understanding what "capitalism" is. Karl Marx wrote a book about it that weighed five pounds, without giving the man in the street much light on the subject. But the New Republic comes to the rescue, saying: "Capitalism is merely a regime like the hypothetical matriarchate, unified only in the logic of its philosophical critics." Doesn't that make it perfectly clear?

University Growth

Fresno Republican

There are over 3000 Freshmen now enrolled at Berkeley, of whom nearly 2000 are in the College of Letters and Sciences, seeking a "general" education or preparing for the later study of one of the traditional professions. The total enrollment is already nearly 9000, and will probably reach 10,000 by the end of the semester. For the year, including new students next semester and the summer school students, it will of course be some thousands higher still. "The University of California, in numbers, is now probably the largest, and is certainly one of the two largest, of the universities in the United States. Its only rival, in size, is Columbia University in New York City."

Just in sheer mass, the contrast, illustrated by these figures, between the higher educational opportunities of succeeding American generations is enormous. Thirty or thirty-five years ago, when the fathers of these students were in college (such few of them as were) the two largest American universities combined had barely as many students as this year's Freshman class at Berkeley. The Fresno High School is now larger than Harvard University was then. There was not a college west of the Mississippi river with 500 students, and there were not over two which exceeded this number west of the Atlantic seaboard. The University of California has more students now than the whole United States west of New England had then.

Going back still further, from the fathers to the grandfathers of these students (such very few of them as had grandfathers who were college graduates) American higher education was a still rarer, as well as a much more primitive thing. The American college of that time rarely exceeded 300 students. Many which called themselves colleges had less than fifty. The curriculum consisted of Latin, Greek and mathematics, with a single lecture course on things in general, called "Mental, Moral and Natural Philosophy," delivered by the president to the Senior class. Of mathematics there was taught a little more, and of Latin and Greek a great deal more, than a modern high school course. Of everything else there was taught much less. And even this limited education was the rarest privilege of the very fewest of the population. Colleges were very few, and these few were very small.

Of course the quantitative measure of education is not all. Numbers do not conclusively measure learning. But they do measure the distribution of educational opportunity. Many times faster than the growth of population has been the growth of student numbers. Few of these students are the descendants of parents, and only the very fewest of grandparents, who ever had even the chance of a college education. Whatever the quality of modern university education—and that is another and much disputed story—at least the democratic opportunity to get it has spread beyond all the dreams of our predecessors.

For Official Inspection

California's Greatness

(From the Long Beach Press)

California, sixty-nine years in the Union, is become a great state. Why? It is great territorially—one of the largest of states; an empire within itself. It is great in resources, both developed and undeveloped. It is an empire within itself in this. It is great in natural charm—in scenery, in climate. It is great in opportunities and possibilities for material development. But are these the only—or even the chief—elements of greatness in California? No!

California's real and greatest greatness—so to speak—lies in the spirit of its people—in their ideals, in the practical application of their ideals in government and private life. It is a state with lofty standards of ethical cleanliness. It is a state where clean, wholesome living is at a premium. It is a state where the higher things of life transcend its baser passions and meaner motives. This is not to say that everybody in California is saintly, nor to claim that this state is an Eden undefiled and serpentless. There are bad people in California, to be sure. To argue otherwise would be silly, and pharisaical. Not all Californians have high and pure ideals or honest motives. But it is true—and this is the point emphasized in what is here said—that high ideals and clean living and worthy motivating are the rule in California, and are esteemed highly and are emphasized in the life of the people.

What a people esteem and lay stress upon and exemplify, fairly may be assumed as characteristic of that people. So the claim confidently may be made that California's greatness rests upon the fine American virtues of its people—their ideals, standards and aspirations, individually and collectively.

Worth While Verses

TWO INFINITIES

A lonely way, and as I went my eyes
Could not unfatten from the Spring's sweet things,
Lush-sprouted grass, and all that climbs and clings
In loose, deep hedges, where the primrose lies
In her own fairness, buried blooms surprise
The plunderer bee and stop his murmurings,
And the glad flutter of a finch's wings
Outstartle small blue-speckled butterflies.
Blissfully did one speedwell plot beguile
My whole heart long; I loved each separate flower,
Kneeling, I looked up suddenly—Dear God!
There stretched the shining plain for many a mile,
The mountains rose with what invincible power!
And how the sky was fathomless and broad!

—Edward Dowden.

GROANS AND GRINS

CONSOLATION

"Paternity has its responsibilities," sighed Mr. Gadspur.
"Quite true," answered Mr. Glipping, sympathetically.
"Only this morning my wife lectured me severely for trying to console with my youngster because he had to practice two hours on the piano when his baseball team was playing another team the championship of ten square blocks."—Birmingham Age-Herald.

HOW IT SEEMS

"Moonshiners Cause Sugar Shortage," says a headline. It's news that they now use sugar in "the makin'." Judging by the way the stuff acts, dynamite seemed to be the whole thing.—Atlanta Constitution.

THE WIRES CROSSED

"Quick, hand me that bag!" yelled the physician. "A man has just telephoned me in a dying voice that he can't live without me."
"Wait," implored his wife, who had taken up the receiver, "this call is for Edith."—Blighty, London.

FEMININE GENDER

The lads in the primary class had been given a talk on architecture, and when the teacher finished she asked: "Is there anyone in the class who can tell me what a 'bustress' is?"
Whereupon one lad arose and answered eagerly: "Yes, ma'am, I can. A bustress is a nanny-goat."—Harper's Magazine.

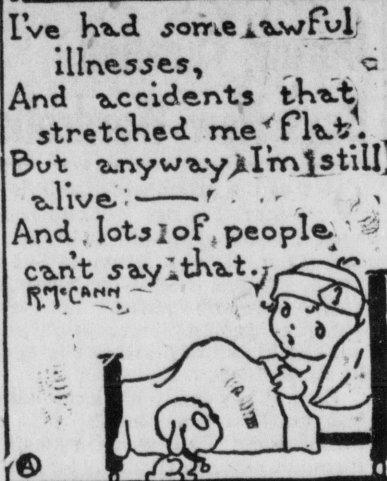

YES, INDEED

"Why is a black hen cleverer than a white hen?" asked the small boy, slyly, at the breakfast table.
"I don't know, sonny," said the father; "that's a puzzle, I think."
"Oh, no," said the boy, triumphantly; "it's because a black hen can lay a white egg, but a white hen cannot lay a black egg."

THE REAL REASON

"John," asked the teacher, "what is a synonym?"
"A synonym," said John, "is the word you use when you can't spell the other one."—Watchman-Examiner, Philadelphia.

THE CHEERFUL CHERUB

City and County Briefs

Wm. Wallop, secretary of the Anaheim Union Water Co., has been elected by the board of directors to the superintendency, succeeding Ralph J. McFadden, who resigned to remove to Sierra Madre. Mr. Wallop has been connected with the water company for a number of years and is well acquainted with the demands upon the position he will assume. The appointment is effective Oct. 1. The board has not named a successor to Mr. Wallop as secretary.

Howard E. Gates, the West Center St. florist, Anaheim, has received a bronze service medal from the war department for services rendered on the Mexican border in 1916.

Edward Mosbaugh, son of J. G. Mosbaugh of Santa Ana, has been appointed assistant fire chief at Riverside, and his family has moved to that city from Redlands, where Mosbaugh was fire chief for several years. Years ago, "Shorty" Mosbaugh, as he was known here to many people, was a member of Santa Ana's volunteer fire department.

Mr. and Mrs. Lemone, residing on Wilshire avenue, just west of the lumber yard, Fullerton, are the proud parents of twins, which were born to them Saturday. They already have seven children in the family, the new addition making a total of nine.

Miss Elizabeth Bashore, instructor in physical education at Intermediate school, is temporarily in charge of the principalship of the school, pending the return of Principal W. C. Roberts, who, it is stated, will be absent several days while receiving treatment at a Los Angeles hospital.

The New Bethesda Spiritual church at its Sunday evening meeting, in a very pretty and impressive ceremony, christened Preston Stiffler, infant son of Mr. and Mrs. R. V. Stiffler. The mother and infant were both baptized, rose petals being used instead of water, according to the rites of the new church. The pastor, Rev. Alice Williams, officiated. The church has but recently been established and is incorporated by the state. It has established one subordinate church, ordained three ministers, one missionary and commissioned one assistant minister, four healers and appointed one assistant missionary.

An Oil lease on twenty-nine acres has been given by the Anaheim Union Water Company to the Fullerton Oil Company.

Col. S. H. Finley of Santa Ana has been asked to take charge of the Old Settlers' meeting to be held in Huntington Beach Saturday, Oct. 4th, in connection with the Orange County Fair. All Old Settlers of Orange County should make an effort to attend. An interesting program with many short talks will be arranged. Splendid music provided.

Dr. J. E. Rhodes is scheduled as the main speaker of the day for the Kansas picnic reunion under the auspices of the Kansas Association of Southern California at Sycamore Grove, Los Angeles, all day Saturday, September 13.

All who have ever lived in Michigan are called by President Samuel Young to meet under the auspices of the Michigan Association of Southern California for the great annual picnic, all day Saturday, September 20th, 1919, in Sycamore Grove, Los Angeles.

The names of Miss Gertrude Montgomery, Mrs. C. F. Crose and Mrs. J. Dick Wilson were inadvertently omitted from the list of hostesses for the luncheon to Gov. Stephens at the county park Wednesday as published last evening. It is stated that nearly 200 service men were given dinner at the tables after the Governor's party had vacated them.

"Hey!" The scene was in Red Bluff. At the cry a machine occupied by the family of J. A. Harvey and George Baker, returning from a trip to Oregon, stopped. A portly gentleman approached. "You're from Santa Ana?" "Yes," "Do you know Sam Stein?" "Of course." "Then please tell him you saw his fat brother up here," and the machine went on its way back to Santa Ana. The tourists carried a Santa Ana banner on their car and this led to the interesting incident as they passed through Red Bluff, where the local stationer's brother lives.

Old-time residents of Santa Ana will be interested in knowing that Colonel Harry T. Matthews, former local resident, returned from France about six weeks ago, and has reverted to the Coast Artillery, taking a station at Fort Casey, just outside Seattle, Washington. He is due to retire in six years and says when that time comes he's going to hang his hat up in Santa Ana again. Col. Matthews is the father of Harry G. Matthews, former army lieutenant, now employed in the office of County Surveyor McBride.

A petition is now in circulation requesting the directors of the Newport Heights Irrigation district to call an election for voting bonds in the amount of \$160,000 for the installation of a new distributing system. There are 1400 acres in the district. Water is plentiful, but the present distributing system is in a dilapidated

Choosing the Fall Hat

—Is a matter of choosing a shade as much as a style this Fall.

—You'll like the green and brown Felts that go well with the mixture cloths in the new suits and overcoats. Also the greys that give a little more dress appearance—especially the light greys.

Stetsons \$7.00

condition. The signatures of owners of a majority of the acreage are necessary to get the petition before the directors.

Boys last night stole ice cream from the back porch at the residence of Mrs. Strale, 706 Spurgeon, according to a report to the police office. Officers Combs and Stewart were called, but were unable to get any trace of the gang.

While Mrs. McClary was sitting on the front porch of her residence on West Fifth street Wednesday afternoon, someone slipped into the house by way of the back door and stole her purse, containing \$9.00 in cash and some valuable papers.

Miguel Asvedo, aged 44, who lives on Lincoln street, dropped dead while at work picking oranges on the J. L. Marshall ranch on East Santa Clara avenue, this morning at 8:30 o'clock. Tom Monreal, foreman of the picking crew, said Asvedo had just emptied a sack of oranges when he toppled over. Asvedo leaves a widow.

Chas. D. Van Wyk returned home today, after being released from service. He was with Co. A, 319 Engineers, and was in the service one and a half years. He assisted in construction work over there. He is a son of J. J. Van Wyk.

J. M. Talcott, through Cornell & Tummond, has sold property at 434 South Sycamore to Henry and Kate Lope.

TOO SUBTLE FOR HER

The landlady of a widely known London boarding house made a point of asking her departing guests to write something in her visitors' book. She was very proud of some of the names of the people inscribed in it and of the nice things that were said. "But there is one thing I can't understand," she confided to a friend, "and that is what an American put in the book after stopping here. People always smile when they read it." "What was it?" queried the other. "He wrote only the words: 'Quoth the raven!'—Everybody's Magazine.

Butte county is arranging to issue bonds during the next three years for installation of irrigation projects that will put 47,000 acres of land under irrigation.

Dr. Magill, Osteopathy, Phone 956-W. Dragon milk chocolates are made in Santa Ana. Pure, healthful and wholesome.

M. B. Schnee, Chiroprapist, Phone 176.

Cuticura Is What You Need For Your Hair and Scalp

Dandruff kills the hair. Cuticura kills dandruff. Try this treatment. Before retiring rub Cuticura Ointment into parts all over the scalp. Next morning shampoo with Cuticura Soap and hot water. Rinse with tepid water. Dandruff usually disappears, hair stops falling and becomes thick, live and healthy.

Be sure to test the fascinating fragrance of Cuticura Talcum on your skin. Soap, Ointment and Talcum 25c. each everywhere.

ASSAILANT OF RANCH MANAGER IS CAPTURED

MODESTO, Cal., Sept. 11.—Vincenzo Padula, Italian, who shot George W. Nickel, grandson of the late Henry Miller and superintendent of the Miller and Lux ranch interests, near Los Banos yesterday, was captured at 7 o'clock last night, a quarter of a mile from the scene of the shooting, by Pasquel Bisognoni, foreman of the Delta ranch, where the shooting took place. Padula was in hiding among a large herd of cattle. He surrendered without a fight. He admitted shooting Nickel and was turned over to a deputy sheriff and taken to the county jail at Merced. He said he had been in hiding all day in a swamp near the scene of the shooting.

FOOD DEALERS INDICTED

INDIANAPOLIS, Ind., Sept. 11.—Between thirty and forty Indianapolis food dealers were indicted by the Marion county grand jury today on charges of dealing out short weights.

Auto pumps repaired. Livesey's. (Advertisement)

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with Zemo, which generally overcomes all skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. The E. W. Rose Co., Cleveland, O.

Social Events

AT SUNSET

Love came across the meadows
At the dawning of the day;
Before him fled the shadows,
Past the mountains, far away;
Love came, a dear, unbidden guest;
The mated bird sang, by its nest;
While morning caroled in my breast,
And oh, the joy of living!

Love came across the meadows
At the dawning of the day
But left me in the shadows
When the night fell cold and gray;
He fled, the false and fickle guest
The bird drooped by the empty nest;
The evening chilled my lonely breast,
And oh, the woe of living!
—(James B. Kenyon in the Harvard Home.)

Farewell To Teacher

For Mrs. J. R. Baker, as she leaves this city to make her home in Glendale, was that one given Tuesday evening at the church by Mrs. Baker's Sunday school class, the United Presbyterian Bereans.

At a 7 o'clock dinner, served by the class social committee, covers were laid for more than thirty members. Pink carnations, with fern, were used for table decorations, while the church parlor was bright with jardinières of gay-colored zinnias.

Confounders, many of them with a "josh" on some member of the class helped the guests to arrange themselves at the table. A delicious menu, including meat loaf, scalloped potatoes, sliced tomatoes, apple pie à la mode, buns, jelly and coffee, was enjoyed.

Scott Torrens, as chairman of the social committee, made a short speech reviewing the splendid work of Mrs. Baker as teacher of the class in the last five years. In behalf of the members he then presented her with a handsome leather purse as a slight token of their love and esteem and appreciation of her unwearying efforts among them in so many years.

A social hour was enjoyed before farewells were said to the beloved teacher, farewells full of regrets at her departure, but with the best of well wishes for her and hers in her new home and new field of labor.

The members of the choir of the First Methodist church and their families motored to Orange County Park last evening for a picnic supper. About forty-five or fifty gathered together at six o'clock to do full justice to the appetizing things prepared and to enjoy the ice cream cones, a treat from Charles Heil.

The park was strangely silent and unmoled, compared with the throngs of people there the day before, but the evening was none the less pleasant and another of such affairs is hoped for in the near future.

Recipes
Cake Frosting—Take 1/2 cup sugar and about 3 or 4 tablespoons sweet cream. Boil till it threads. Take off and spread rapidly on cake, as it hardens quickly.

Cream Cake—Beat 1 cup sugar, 2 eggs, 1 cup sweet milk, 1 teaspoon vanilla, a pinch of salt, 1 teaspoon baking powder sifted with 2 tablespoons cornstarch and 2 cups flour. Bake in layers.

English Walnut Cake—One and a half cups brown sugar, 2 eggs well beaten, 1 heaping tablespoon butter, 1 cup sour milk or buttermilk, 1 teaspoon cinnamon, 1/2 teaspoon allspice, 1 cup raisins and 1/2 cup walnuts.

Sour-Cream Pie—Yolks of 3 eggs and white of 1, 1 cup sugar, a pinch of nutmeg, 1/4 teaspoon cloves, 1/2 teaspoon cinnamon, 1 cup sour cream, 1/2 cup seeded raisins chopped fine. Stir up in the order given. After pie is baked put on top the other two egg whites beaten stiff and two tablespoons sugar beaten in, put in oven and brown.

Cream Layer Cake—One cup sugar, 1 egg, 1 cup milk, 4 teaspoons baking powder, 2 cups flour, 1 teaspoon flavoring. Cream the sugar and butter together, then mix in the egg. After sifting the flour and baking powder together three or four times add it all

to the mixture. Gradually add the milk and beat with a spoon until you have a smooth pour batter. Add the flavoring. Pour into two buttered layer-cake tins and bake in a moderately hot oven for 20 minutes. Put together with cream filling and cover top and sides with white icing. Cream filling—Mix 2 tablespoons cornstarch with a little cold milk and stir into 1 cup boiling milk. Add 1 teaspoon butter and 1/4 cup sugar and boil five minutes. When nearly cold add flavoring and spread between layers.

Reports From Presbyterian

The Woman's Missionary Society meeting of the First Presbyterian church was held yesterday afternoon in the Sunday school room. During the first hour, Mrs. Victor Montgomery capably reviewed the greater part of the new mission study work, "Christian Americanization."

Mrs. Herbert Rankin was in charge of the devotionals, and spent the time with scriptural readings, which answered many of the daily perplexing problems.

Mrs. Sadie Nourse Welton, recently returned from Korea, portrayed many of the conditions that are now prevailing in that country.

Several of the ladies gave reports from the Presbyterian church. Mrs. E. M. Smiley spoke on the Korean situation; Mrs. J. A. Stevens on what impressed her most; Mrs. H. A. Allen gave a poem, which was read by a missionary from India, and Mrs. Anna Mitchell presented the Freedman's cause.

Mrs. W. E. Ward read a very interesting letter from Miss Edna Alger of China.

The session closed with a short business meeting.

Missionary Meeting

A very important meeting of the Woman's Foreign Missionary Society of the First Methodist church, will be held tomorrow afternoon at 2:30 in the church parlors. It is the last meeting of this wonderful jubilee year. The annual mite-box opening will take place and a good program, including some numbers by the children of the King's Herald's band, has been arranged. Light refreshments will be served. The annual election of officers will take place at this meeting.

Orphan's Sewing Class

The Orphan's Sewing Class of Torosa Rebekah Lodge will meet on Friday afternoon with Mrs. Ada Watters at 820 West Fourth street. The staff will meet for practice on Tuesday and Friday evenings of next week.

Guild Meeting

The St. Elizabeth's Guild of the Church of the Messiah will meet this evening at the home of Miss Harriet Wollaston. This is the first of the meetings since the summer vacation and a number of important business matters are to come up for discussion.

Relief Corps Tea

The regular tea of the Women's Relief Corps will be held in G. A. R. hall tomorrow afternoon at two o'clock. The chairman, Mrs. Beren Walker, urges the ladies to attend in goodly numbers and help her make the affair a success. There will be a good program and dainty refreshments. There is much to plan and talk about of coming events.

Dancing at Balboa

Balboa is always popular with Santa Ana people and a large number go down every evening to attend the dance, for a wicker cake, swim or just to have a good time.

Last evening a group met and went down together for an evening of dancing, the party including Messrs. and Mrs. Fred Marker, Lulu Butterfield, Charles E. Morris, Misses Irene Craemer, Hattie Powers, Alice Huntington, Zoe Vanderlip, Hazel Stockslager, Marguerite Wallace of Long Beach, Gertrude Potts and Arlie Cravath; Messrs. Claude Sleeper, Ted Patterson, Leslie C. Mitchell, Charles L. Davis, C. K. Wallace, Walter Merker, Earl G. Hutchinson and Dr. W. C. DuBois.

Torosa Dance Success

A goodly sum was cleared last evening at a pleasant dancing party given by Torosa Rebekah Lodge in Odd Fellows' hall for the benefit of the Orphan's Home, a room in which the Rebekahs are furnishing.

The affair was in charge of the men of the lodge with Roger Labadie as chairman of the committee, which very capably carried out the arrangements. Mrs. Leora Harris' orchestra furnished lively music.

The hall was beautifully decorated with a profusion of lovely asters and greenery from the Findeisen home in Tustin and delicious punch was served in a flower-decked room.

The regular meeting of Torosa was held in the parlors, Mrs. George W. Ford being installed as chaplain, Mrs. Fannie Lacy having resigned.

For Miss Zerman

Mrs. J. W. McCormac entertained this afternoon complimentary to Miss Flossie Zerman. The affair was in the nature of a shower.

Country Club Party

Mrs. J. P. Hatzfeld and Mrs. Fred Parsons will be hostesses at the Country Club whist party Saturday at 2 p. m.

To Have Chalk Talk

At the meeting of the Fraternal Brotherhood this evening at Modern Woodmen hall, the feature will be an interesting chalk talk by Harry Kendrick of Yorba Linda.

Farewell Reception

The Berean class of the First Presbyterian church is regretting the fact that they are to lose their class teacher, A. M. McDermott, who is expected to leave soon for Mexico, where he is to take charge of mining interests. Last evening they gave him a farewell reception at the home of Mrs. I. M. Sproull, who had decorated her home with dahlias and asters in anticipation of the occasion and had

prepared interesting guessing contests for amusements.

The vocal solos by Mrs. H. M. Sammis added greatly to the enjoyment of the evening.

Light refreshments were served to about sixty of the members, who were present to visit with Mr. McDermott, as there is a chance of being deprived of the opportunity again, as the date of his leaving is rather indefinite.

Plans Discussed

The Woman's Union of the Congregational church met yesterday afternoon in the church parlors. This is the first of the meetings since the summer vacation and the time was largely used in organizing and in planning a rally day to be held next Wednesday afternoon at the home of Mrs. Becker.

Honor Faithful Workers.

The elders and trustees of the Presbyterian church met at the home of Rev. and Mrs. J. G. Kennedy recently, honoring J. R. Baker who left yesterday with his family for Glendale where he will have charge of the business department in the high school.

Mr. and Mrs. Baker have been among the most faithful of workers while here, both in the sabbath school and in the church, and the members sincerely regret to see them leave. Dr. Kennedy voiced the feelings of them all in a few remarks. A contest that tested their knowledge of Shakespeare and the Bible entertained them during the evening. The guests left after wishing Mr. Baker success in his new field and following the closing hymn and prayer.

PERSONALS

Mrs. Will C. Houghtaling of Jerome, Ariz., is visiting with her mother, Mrs. Nellie Young, and other relatives.

Mr. and Mrs. S. M. Hill were shown through the submarine anchored in San Pedro last Sunday.

Mr. and Mrs. J. A. Cranston are expecting Mr. and Mrs. S. A. Jones of St. Cloud, Minneapolis, tomorrow. They are coming here with the intention of locating in California permanently.

Mr. and Mrs. J. T. Kerr of Muskogee, Oklahoma, are here upon a visit to relatives. Mrs. Kerr is a sister of J. R. Bridgford and the late Mrs. J. R. Bridgford was a sister of Kerr.

Kerr is a brother of Mrs. Frank Thomas of this city, and Mrs. Scott Hays of Placentia, Mrs. John Wallace of Artesia, Jas. P. Kerr of Bakersfield and Travis Kerr of Hillsborough, Oklahoma. Those living outside of the county are well known here, being former residents. Mr. Kerr had not seen Mr. Bridgford or Mrs. Thomas for thirty years prior to his arrival yesterday.

V. Penley, one of the members of Co. F, national guard, who was selected

ed as one of the state team to go to the national rifle shoot at Caldwell, N. Y., has returned home. He was gone six weeks and while he had a fine time he is delighted to get back. Ben Patton stopped over in Kansas for a visit and Private Raft got home a day or two ago.

Mrs. Edgar Lukeweller and daughter, Viola, of La Habra, visited with her mother, Mrs. Belle Lawrence, yesterday.

E. S. Baker left Tuesday morning for Lacona, Iowa, where Mrs. Baker has been visiting with relatives for some time. They will return to their home on Spurgeon street in about six weeks.

Mr. and Mrs. A. T. Pritchett, who have been visiting with Mr. and Mrs. William Wagner the past three months, have begun the journey to their home in St. Louis. Mrs. Pritchett and Mrs. Wagner are sisters.

Prof. and Mrs. Ernest G. Martin and daughter, Lois, of Stanford University, are spending a few days with Mrs. F. A. Ticknor and Miss Miranda P. Knight, mother and aunt of Mrs. Martin, at Miss Knight's home on Spurgeon street.

Ed Roberts left yesterday for Nevada on a stock purchasing trip for an Anaheim packing house, expecting to be gone several days.

Robert Parker, Alan Revell and Percy Richards went down to Laguna the early part of the week for a few days. Mr. Parker is taking a short vacation and is spending his time there. Mr. Richards went to Los Angeles this morning on business.

Mr. and Mrs. J. H. Leebick are spending their vacation at Laguna. Mrs. Cornell is substituting for Mrs. Leebick at the Social Service headquarters.

Attorney H. C. Head and his sons, Melville, and Hillard Tyrrell returned Monday from an automobile trip that took them through Inyo county, to Lake Tahoe, into Nevada, to Placerville and Sacramento.

Mrs. S. L. Vanderlip of Hemet, is spending ten days with her daughter, Miss Zoe Vanderlip.

Mr. and Mrs. H. J. Dunigan and family of San Luis Obispo, are visiting with Mr. Dunigan's sister, Mrs. Frank Thompson. Mr. Dunigan will remain a week and his family will stay a month. The family formerly resided here.

Miss Lillian Breed left today for Long Beach, where she will continue her work in the schools there. Lieut. Dixon Tubbs, son of Mr. and Mrs. V. V. Tubbs, of Tustin, secured a leave of absence for forty-eight hours and attended the celebration here Wednesday. He is now professor of agricultural engineering, University of California, and located at the Davis school.

Mrs. H. B. Woodill and son, Alfred, returned to their home in Glendale today, after a visit with the former's sister, Mrs. Addie Hervey, and family.

Miss Katherine O'Donnell has returned from a trip to Kansas City, Minneapolis and other points, seeing the new millinery styles for the coming season.

Mr. and Mrs. Frank Phillips are moving into their new home on South Sycamore street.

Edward Esau of Poinsettia street, left yesterday on the Santa Fe for Burlington, Iowa, for a visit with relatives and friends. He expects to be in the east several months.

Baseball and General Sport

MANY EX-GIANTS NOW ON OTHER BALL TEAMS

New York Also Has Some Players Who Have Been Signed Elsewhere

NEW YORK, Sept. 11.—A popular pastime at the end of any baseball season is to comb over the teams in the National league and point out what former Giants did in the way of helping out rival clubs.

Small chance to overlook any club in this kind of a summing up. Every club in the league, with only one exception, is burdened with ex-New Yorkers. A pennant could fall to any of them and not escape the sympathy of the statistic fiend who figures how much the former Giant had to do with the victory.

On the Cincinnati club are Heinie Groh, Eddie Rousch, Bill Rariden and Slim Sallee.

Boston has on its payroll Hank Gowdy, Dick Rudolph, Cecil Causey, Arthur Wilson and Walter Holke. John Paul Jones is due to report there after the International league season.

Ferd Schupp, Milton Stock and Leon Ames are former Giants now with the Cardinals.

The Cubs have Fred Merkle and Dave Robertson.

With the Phillies are Gene Paulette, George Smith, Eddie Sicking, and Jack Adams.

The Dodgers have Ernie Krueger, Rube Marquard.

But also take a look at the Giant lineup.

Hal Chase was originally a Yankee, and has gone through the mills of the White Sox, Buffalo Federals and Cincinnati Reds.

Larry Doyle, Frank Frisch and Al Baird, second basemen, all are of the McGraw school, as is Arthur Fletcher, shortstop.

Heinie Zimmerman is a New York product, but played his first big league baseball under Frank Chance with the Cubs.

George Burns and Ross Young of the outfield are of the Giants originally, but Benny Kauff played with the Indianapolis American association club and with the Federal league club of the same city.

Frank Snyder came from St. Louis, and Miguel Gonzales started with Cincinnati. Lew McCarty came from the Dodgers. Earl Smith is doing his first year in the majors as a Giant.

Rube Benton came from Cincinnati. Arthur Nehf emigrated from Boston. Jess Barnes also deserted the Braves. Phil Perritt was a Cardinal. Jean Dubuc came from Detroit. Phil Douglas was sold by the Cubs.

'Round Coast League Bases

Home runs—Fitzgerald, Koerner, San Francisco; Krug, Salt Lake; Prough, Sacramento.

Taking a double-header 2-2 and 2-1 from the Beavers, the first game going 12 innings, Vernon hopped into a tie with the Angels for the leadership.

Both Curly Brown and Cy Falkenberg pitched good ball at San Francisco, but the Angel slabsters emerged a 2-0 winner over the Oaks.

With two on in the seventh, Koerner poled out a homer and the Seals rang up a 7 to 4 win over Salt Lake. Three home runs, two triples, three doubles and 16 singles were garnered off Couch and Gould.

Holding Seattle to six hits and scoring a homer, Bill Prough was somewhat of a factor in the 6 to 3 Sacramento victory.

Watching the Scoreboard

Yesterday's hero—Ray Caldwell, Pitching for Cleveland, he let the Yankees down without a hit or run and won the first game, 3 to 0. A 4 to 3 defeat in the second made it four losses in two days for the Yanks.

Ross Young smashed a finger during the game which the Giants won from the Cubs, 7 to 2.

Slim Sallee blanked the Phillies, 2 to 0.

Brooklyn and St. Louis got a dozen hits each, but the Cardinals finished on the long end of 1-8.

Connie Mack used practically the entire Atlantic team, which won the pennant last week in the Southern Association and the recruits bumped the Tigers, 6 to 5.

KILBANE WILL QUIT RING FOR POLITICS

CLEVELAND, O., Sept. 11.—Johnny Kilbane, featherweight champion, will retire from the ring very soon, he announced here today. He plans to retire undefeated and enter politics.

Kilbane is running for the city council, one of the main planks in his platform being boxing reform for the city. He is a strong advocate of heavier gloves and shorter fights.

Kilbane fights Frankie Burns at Newark, Tuesday night. He will have several more fights before he retires, he announced. The champion complained of a lack of legitimate featherweights, saying there are few who can make the 122-pound limit.

LONG BEACH BOUTS

LONG BEACH, Cal., Sept. 11.—Matchmaker Bill Hunefeld, of the L. B. A. C. today announced his card of events for the weekly boxing show at the Silver Spray arena Friday night. Frankie Tucker, of Seattle, will meet clever Al Gruan in the main event and which should be a nifty exhibition.

Our choice assortment of fancy boxes packed with Dragon Milk Chocolate—the ideal present.

Doughnut Champion Demolishes 249 In 24 Hour Sitting

NEW YORK, Sept. 11.—The big doughnut bakery which the Knights of Columbus have been operating at Coblenz, Germany, to supply the soldiers stationed in the Rhineland ever since the armistice, furnished the "favorite fruit" of the several American doughboys who recently arrived home and told about the championship eating contest.

William J. Long, 23, a six-footer from Providence, R. I., who was awarded the "Croix de Cruller," for demolishing 249 doughnuts in twenty-four hours, easily won the contest from the ten other men who had entered the contest.

Private Long's record was a cruller a minute for the first hour. During the next three he consumed 90, and after a short rest he finished the balance. The second man in the contest ate 189 and the third man 115.

Long weighs about 211 pounds and the doughnuts which he ate were of the western type made famous by a certain chain of railroad restaurants. The Croix de Cruller, is a medal of bronze designed after the lines of a doughnut with the number 249.

MRS. LAW STILL HOLDS AMATEUR GOLF TITLE

DEL MONTE, Cal., Sept. 11.—Mrs. Hubert E. Law of San Francisco is still the woman's amateur golf champion of California. She successfully defended the title won last year by defeating Mrs. Robert A. Roos in the 20th hole of the title finale. It was a decidedly close match throughout and the winner clinched the title only with the last eight-foot putt.

"Pop" Endicott will have charge of the outside concessions at the Orange County Fair to be held at Huntington Beach, Oct. 2, 3, 4. "Pop" is well qualified to handle this end of the fair, having spent many years of his life studying the amusement question all over America. Indications point to a large line of concessions this year.

The Radiantfire heater is designed for installation in your open fireplace. No soot for the housewife to clean up, no coal to carry, no bother. Simply light the Radiantfire and healthful, satisfying warmth is yours. See the Gas Company's salesman today.

Sure Relief

57 COME OUT AT POLY FOR JOBS WITH 'SPUD'

Prospects For Football Look Promising As Large Number Report

Poly's football prospects looked very bright yesterday afternoon when 57 students reported to Coach Morrison, eager to commence work. Of this number six are letter men and a couple of dozen ex-second team men. The rest have had little or no experience but look exceedingly promising.

With this number to choose from, Coach Morrison's chance for putting out a championship team are considered very good. Little idea of the lineup can be secured at this time, but the fellow that sets on the team is going to put up some mighty fine work, as no position is cinched by any manner of means.

This week's practice will consist mainly of light work in tackling and passing the ball, the real work beginning next week.

SHORT BALL SEASON LOSS, SAY MAGNATES

NEW YORK, Sept. 11.—No more short seasons! That's the cry of the magnates in both major leagues.

The 140-game season tried this year has the club owners standing on their ear when they figure the money that has been lost through the departure from the usual 154-game schedule.

The plan, suggested and pushed through by Ban Johnson, president of the American League, was adopted to safeguard the club owners against the slump in sporting interest that some pessimists had predicted as an aftermath of the war. But it worked just the other way. Sports are on the biggest boom of history. Especially has the revival of interest been noticed in baseball. Crowds have jammed the yards of all the major league teams. Cincinnati, Cleveland, New York, Chicago and Detroit have been unable to take care of the Sunday and holiday crowds.

Detroit and Cleveland are particularly sore at the short season arrangement as they both have a chance for the American League flag and might make their way into world's series coin if they had the usual fourteen more games to go.

PREHISTORIC CAMEL SKELETON IS FOUND

THE DALLES, Ore., Sept. 10.—Bones of a prehistoric camel and those of a three-toed horse were uncovered in the caves between The Dalles and Chenoweth recently, by a field expedition of twenty men from the University of Chicago under the direction of J. Harlan Bretz. The geologists are touring the West studying the rock formation of the Cascade range.

The bones of the prehistoric horse indicate that this section of the country was the home of ancient Dobbin perhaps 2,000,000 years ago. The three-toed horse of The Dalles probably belongs to the miocene age, according to the scientists.

The prehistoric horse was smaller and in almost every particular different from the modern horse. Its teeth were not grinders, but more fang-like, and its hoofs were three-toed.

The find of the camel bone is perhaps more significant from a scientific point of view than the uncoverings of the horse bones, since there are no living wild types of camel, save one, a two-humped variety discovered in Central Asia. So bones of the prehistoric camel are the only means by which science is able to trace the evolution of the camel from its earliest forms.

This prehistoric camel was not much larger than a large jack rabbit and had no hump. However its feet bones are not unlike those of the present day camel, and it was provided with the peculiar stomach divided into separate water compartments.

DOUBLY PROVEN

Santa Ana Readers Can No Longer Doubt the Evidence
This Santa Ana citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Mrs. Julia M. Osgood, 612 Olive St., Santa Ana, says: "I suffered from severe pains all through my body and I was so nervous I could not sleep at night. I had rheumatic pains and I felt miserable in every way. Doan's Kidney Pills proved to be just the medicine I required. They drove away the pains and aches and helped me in every way."

NEARLY THREE YEARS LATER, Mrs. Osgood added: "My cure has been a lasting one and I gladly confirm my former endorsement of Doan's Kidney Pills."
Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Osgood had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

CITIZENS FIGHT C. E. CONVENTION SUGAR PLANT OUTFALL

Alamitos Bay and Seal Beach
Interests Protest to
County Board

Protests of citizens of Alamitos bay against the use of the bay by the Alamitos Sugar Company as the terminal for its waste water drainage system were heard by the board of supervisors at Los Angeles Monday and will be decided on September 17. The residents of the bay district fear that this water being dumped into the bay or into the ocean adjacent to the bay will contaminate their bathing and fishing beach to such an extent as to seriously endanger the health of the inhabitants and visitors to the bay.

Several written protests against this drain pipe were filed with the Long Beach legislative body some time ago and the Alamitos Sugar Co. made a personal reply, through its manager, to the effect that the water is practically pure, sterilized and non-odorous before it leaves the plant, because of chemical processes used to extract any residue in the water to be converted into fertilizer for use on adjacent lands owned by the company.

The pipe line dumps the water into the ocean after crossing Alamitos bay, between Alamitos bay and Seal Beach. Commissioner Seaside of Long Beach sent for investigation an engineer whose report was to the effect that nothing in the proposed line would endanger Long Beach interests or the bathing beach in or adjacent to Long Beach.

The sugar company, the Alamitos Bay Improvement Company and the land owners were represented at the hearing before the supervisors Monday.

Engineer W. C. Poe, in behalf of

Opening Address Will Be By
Rev. E. F. Hollenbeck
of San Diego

The annual convention of the Orange County Christian Endeavor will be held at the Presbyterian church in Anaheim, October 3, 4 and 5. The program now is being prepared and will soon be ready for publication.

Delegates who want to go to the convention city to remain for all the sessions will be taken care of by the entertaining church. A fellowship dinner will be served the first evening of the convention.

L. A. MAN IS ARRESTED ON BAD MONEY CHARGE

LOS ANGELES, Cal., Sept. 11.—A. T. Savitz is under arrest here today charged with counterfeiting, following a raid on his room here late yesterday. Federal authorities claim to have found copper plates for making \$10 and \$5 federal reserve notes.

A special chocolate is used in making Dragon Milk Chocolates. Have you tried them yet?

The company, declared that the waste water, after being purified, will be "purer than the water you drink."

The principal speakers were former Judge Bordwell for the protestants; Sam Haskins, for the sugar company; Attorney O'Neill for the improvement company, and Phil Stanton for the land owners. A. C. Hamilton, general manager for the sugar company, was also present.

TRAVELING SHOW WOULD WINTER IN CITY

Request Made For Information
As to Accommodations
Available Here

Santa Ana as a winter home of the Rice and Dorman Shows—this is the opportunity that is offered this city by the companies in a communication to the Chamber of Commerce. The traveling show has twenty-five cars and truckage for these and old buildings that might be utilized as paint, blacksmith and wagon shops are necessary to the location here for the winter.

Secretary Metzgar has been asked to advise if such accommodations are available here. The communication does not indicate the number of people that would be located here for the winter to take care of the repairing and brightening of the equipment, or whether actors and actresses with the aggregation would also spend the winter in this city.

Buildings required by the shows probably will be hard to secure, but Metzgar will make an effort to locate such. With the big business rush of the present and scarcity of all kinds of buildings, most every structure that is at all serviceable is occupied.

Anyone having quarters that might accommodate the shows should inform the Chamber of Commerce secretary at once.

TO ASK COUNTY TO ESTABLISH LIBRARY

State Organizer From Sacra-
mento Meets With People
of Garden Grove

A movement is on foot in Orange county for the establishment here of a county free library. An organizer, Mrs. May Dexter Henshall of Sacramento, has been here, and has given impetus to the movement.

People at Garden Grove have held a meeting with Mrs. Henshall, and are enthusiastic in their desire to have the library established.

Under the plan favored at Garden Grove, the library would be separate from any municipal library. It would not be a case of a contract to any city library to furnish books to the entire county outside of incorporated cities. Under the plan favored, distribution would be through a county library to school districts outside of incorporated cities.

A statement by the California State Library is to the effect that all but thirteen counties of the state have established county free libraries. The statement says:

"The county free library is a library which is established by resolution of the supervisors, which is supported by the county, and which gives free service to every resident of the county."

"The headquarters are at the county seat and are in charge of a trained librarian, who holds a certificate from the Board of Library Examiners. Branches are established in various parts of the county in charge of custodians. These collections are changed in part or as a whole when the community no longer uses them. The State Library supplements, free of all expense, the county free libraries."

"The county free library plan has been in operation in California since October 1, 1908. The growth of the work has been remarkable. Service to the schools is an especial feature."

SOUTHERN CALIFORNIA

RIVERSIDE, Sept. 11.—An interesting disclosure as to the cost of road work done by the state by day labor compared with that done under contract is anticipated in the State Highway Commission's answer to a question just submitted by County Auditor C. O. Reid. The auditor wants to know where the commission expended \$79,000 last year on roads in this county, which is expected to pay interest on that amount of bonds.

BAKERSFIELD, Sept. 11.—An accidental shot from a gun in the hands of her husband caused the instant death of Mrs. Frank Batty here. Batty was cleaning a shotgun on the back porch and Mrs. Batty stepped to a kitchen door as Batty was in the act of ejecting a shell from the weapon. The shell stuck and exploded, the charge hitting Mrs. Batty in the side.

REDLANDS, Sept. 11.—Plans for the development of the Moreno Valley, a citrus-fruit locality lacking the necessary water, were announced here when citrus growers there purchased from the El Casco Land Company 1500 acres of land. This it is believed, will end the water troubles, as the needed supply can be developed on the El Casco land and piped to Moreno.

LONG BEACH, Sept. 11.—To provide \$350,000 for paying compromise settlements and judgments in damage suits resulting from the catastrophe of May 24, 1913, when the pier approach to the municipal auditorium collapsed, the city commissioners are about to pass an ordinance authorizing the issuance of municipal bonds.

SANTA MONICA, Sept. 11.—It is said that owing to repairs being made on the municipal pier, the structure will not be open to fishermen and pedestrians for several months. Amateur fishermen are using the Long Wharf almost exclusively, and the merchants who conducted the stores and restaurants on the condemned structure have in many cases moved to the Loof pleasure pier.

TEST OF POLICE DOG PUTS HER ON FORCE

GREENSBURG, Pa., Aug. 11.—Cenzi von Edenhall has come into her own. The Belgian police dog, owned by Harry F. Thomas, is doing the work for which her ancestors for generations back were bred and trained. For the first time recently Cenzi "went on duty" and accompanied Policeman Brinkner on his beat, circling the various alleys and streets and scenting out any possible criminal.

Some nights ago Cenzi was given a "tryout." One member of the police force hid in a dark corner of an alley. Then Policeman Brinkner, with Cenzi in tow, started to find the man. Cenzi was told that a desperate criminal was to be found and that she was to aid in the search.

With her nose to the ground, Cenzi started on the search, which proved to be one of short duration. Soon a frightened voice called, "Take her off!" which was not so easy to do. Cenzi did not propose to let go without protest. Cenzi is now a permanent fixture on the police force.

INDOOR SPORT
"Now, we'll play zoo," said Willie, "and I'll be the elephant."
"That will be fine," said Aunt Mabel. "But what shall I be?"
"Oh, you can be the nice lady who feeds the elephant with buns and sugar," explained Willie. "Blighty, London."

Too Ill to Work

Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

Here is a Notable Example

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."

—Mrs. TIMOTHY CRANEY,
426 Connor Ave., Joplin, Mo.

And Another

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."

—Mrs. I. OVENSTEIN, 902
S. Marshfield Avenue, Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

CLIMBING HORSE IS DISCOVERED IN MOW

CENTRAL VILLAGE, Conn., Sept. 11.—People talk about "horse sense," but John Francis is telling a yarn about what one might call horse non-sense, or maybe horse mischief. His neighbor, Mr. Rock, went to the barn, where he had put his young bay steed to bed the previous night, seeing that he was tucked up in his mattress of straw. The horse was gone. Stolen? No, for the barn door had been locked.

While Rock was investigating he heard a strange noise in the hayloft, and, hurrying up the steep stairs, which even humans need to climb with reasonable caution, there was sly young Bay, hiding in a dark corner and almost saying with a horse laugh, "Peek-a-boo!" Worst of all, the pesky animal absolutely refused to come down.

Finally, Rick and his neighbors had to cut a big hole in the side of the barn, and with tackle like that used to raise and lower pianos, safes and the like, the whinnying beast was let down to terra firma. What Bay's opinion is as regards his great adventure he has not disclosed, but Francis is beginning to believe that his neighbor's steed must have a vocation for the circus instead of for farm work.

Everybody demands Dragon Milk Chocolates—they are the best made.

MRS. BATCHELDOR SUES, ASKING \$250 MONTHLY

LOS ANGELES, Sept. 11.—The unique case of Joseph D. Batchelder and Chas. I. Collins, which already has involved a contract whereby Collins is alleged to have transferred his wife to Batchelder, and also has led to a shooting affray, took a new turn today when Mrs. Batchelder sued her husband for separate maintenance.

She names Mrs. Collins in the suit and asks \$250 a month maintenance be paid her.

Collins is awaiting trial on a charge of shooting Batchelder shortly after the alleged contract involving Mrs. Collins was signed.

If you are in the notion of buying a home here and have one in view that you like, you better close the deal immediately, for it is dangerous to hesitate. This was demonstrated when a party, Monday, decided to purchase a place on East Wilshire. "I will go around tomorrow or next day and buy that place," he told a friend. When he went around yesterday he learned that the property had been sold. An offer of \$500 over the original sum asked was offered, but it was too late. Property is in great demand here now, greater than ever, and there would be several dozen more families here if they could find a place to live.

Landowners of the Madera section plan a reclamation project to irrigate a large area and also furnish electrical energy. Several plans for the project are now under discussion.

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The extra miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

JEWES ORGANIZE OFFICIAL COUNT CONGREGATION ON BONDS IS IN CITY 474-211

Will Celebrate Jewish New
Year and Yom Kippur In
September, October

That their children may learn and know their language and religion, Santa Ana Jewish people have formed a congregation here and will arrange for special services in celebration of the Jewish New Year, September 25 and 26, and for celebrating Yom Kippur (Day of Atonement) on Saturday, October 4. Rabbi Charles Lerner of San Bernardino will be here for these occasions.

Plans are now under way for services here every Friday evening, with school sessions in the afternoon for teaching the children. There are about twenty-five Jewish families in this vicinity and all are expected to become identified with the organization. For the present a hall will be secured and later it is expected that a Jewish synagogue will be erected. Max Karp is president of the organization and Sam Stein is secretary. Other members are S. Mandel, Julius Smith, H. Lippman, I. Traub, H. Schiff, H. Kaplan, S. Roth, D. Applebaum, Sam Hurwitz and M. Peale.

"My conception of the Jewish creed is—one God, immortality of the soul, education, brotherly love and democracy," declared Sam Hurwitz today, when asked for a brief outline of the Jewish creed.

"In the land in which the Jews first came to national consciousness, they created a conception of the Highest Being of the universe, which has since been adopted in essence by the foremost races of humanity, and rather than abandon that faith they have, for the past two thousand years, suffered torture and even death, while at successive periods they have been obliged to leave their native land and seek refuge in other countries. The only excuse for their suffering was that they refused to worship strange gods, and to give up their way of thinking about the highest things which had proved themselves as right and true to their fathers.

"Education has always been the great hobby of the Jew. When most of the now cultured peoples of Europe were still in a barbarous, or semi-barbarous state, when the art of letters was still under suspicion of witchcraft, illiteracy was almost unknown among the Jewish people. Historians tell us that even in ancient times, in the days of the second Temple, the school houses were to be found in every Jewish hamlet.

"Brotherly love is well expressed in the fact that the Hebrew language has no such word as charity, 'justice' taking its place. The Jew has always considered helping his fellow men as a matter of justice and not of charity. 'Speaking of democracy, it is interesting to note that the Jewish marriage ceremony does not contain the word 'obey.'

"The object of the congregation is primarily to teach the Jewish children that their religion is not merely a tradition; that it is a living religion, that their religion has, in a large measure, laid the foundation of civilization, and that in all matters spiritual, the Bible is the one common foundation of thought and feeling."

GOOSANDER, RARE BIRD, SHOT IN U. S. BY YOUTH

BOWLING GREEN, Ky., Sept. 11.—Dr. G. E. Townsend listed among his office a rare water bird known as the Hooded Merganser, or Goosander. The bird was killed by a boy in the county and was purchased by Dr. Townsend. He had it prepared and mounted by Taxidermist Charles Enoch. The Goosander is a native of the British Isles and extreme North America. While they sometimes migrate south, they seldom come to this section. The bird is of attractive plumage.

COURTHOUSE NEWS

ACTOR DEMANDS JURY TRY AUTO CRASH CASE

Man Accused of Speeding at
Time Bowers Family Was
Hurt, Pleads

Entering a plea of not guilty to a charge of carelessly driving an automobile and demanding a jury trial, George Chesebro, said to be an actor of Los Angeles, appeared in the justice court with his attorneys, Guy Eddie and L. M. Rosecrans, of Los Angeles, today, and his trial was set for October 9, at 10 a. m.

The complaint against Chesebro was sworn to by Elmer Bowers, son of Mr. and Mrs. A. C. Bowers, of this city, and grew out of an automobile accident on the state highway north of the county hospital. In the accident Mr. and Mrs. A. C. Bowers, Mr. and Mrs. Elmer Bowers and Mrs. Belle Buck, sister of Mrs. Bowers, Sr., were injured.

The complaint charges Chesebro with driving his automobile at a rate of speed greater than thirty-five miles an hour. He is also accused of carelessness in that he drove on the left side of the highway when it was unobstructed for a distance of one hundred yards ahead.

Chesebro was released on \$500 bail.

FIGHT LOOMING IN AUTO CRASH SUIT

Intimation that the action for \$1500 damages instituted by A. S. Ralph, secretary of the Orange County Automobile Club, against Joe Anderson of the Republic Rubber Company, as the result of an automobile accident, will be hotly contested in the Superior court is contained in the filing by defense attorneys of a notice to move, on September 16, to strike out certain portions of Ralph's complaint.

Chalmers against the defendants was transferred to Ralph by H. O. Henderson. One of the main sections which the defense will move to strike out, according to the notice on file today, is one wherein Henderson is said to have been carefully driving on the right side of the Santa Ana-Ana highway and that Henderson, near the El Retiro ranch, held out his hand in a horizontal position and ascertained by looking whether it was safe to make a turn into the ranch. The motion to strike this out is based on the grounds that the allegations are conclusions of law and "made solely in anticipation of a possible defense by the plaintiff." Motion will be made to strike out other sections of Ralph's complaint on the alleged ground that the allegations are irrelevant and incompetent.

David R. Faries and Ivan Kelso of Los Angeles are attorneys for the defense. The suit was instituted for Ralph by Attorneys Scarborough and Forgy of Santa Ana.

SIMPLE ASSAULT IS HENRY CASE VERDICT

Deliberating but a bare ten minutes, the jury which heard the evidence in the case of Harold J. Henry, war veteran accused of assault with a deadly weapon against P. A. Gonsolus at East Newport on June 22, returned a verdict of simple assault.

An impassioned appeal by Clyde Bishop, attorney for the defense, in which he stressed the fact that Henry had been cited for bravery in action, and an equally fervent address to the jury by District Attorney L. A. West, who declared that the evidence showed that an assault had been committed, was conclusive, marked the closing moments of the trial.

The case went to the jury at 4:25 p. m. Monday. By 4:35 the jury had brought in its verdict of simple assault, thereby saving Henry from the state's prison.

The case was heard before Superior Judge West.

WATCH STOLEN BY BANDITS RECOVERED

Information that a watch, recently stolen by three bandits near La Habra from Rudolph Wetzel of Fullerton, who had given them a ride in his automobile had been found, was contained in a letter received today by Sheriff Jackson from the chief of police of San Francisco.

The watch, according to the letter, was sold at a pawnshop in San Francisco for \$5 by a man wearing a sailor's uniform. The man who sold the watch gave the name of J. C. Montgomery, U. S. S. Seattle, according to the information received by Sheriff Jackson.

Two of the three men who were given a ride by Wetzel and who later bound and gagged him and left him lying on the roadside wore sailors uniforms.

According to the description in the hands of Sheriff Jackson the man who sold the watch was 26 years old, five feet, eight inches in height and had a dark complexion.

Irvine-Galivan Road Contract, \$86,000, Is Let to L. A. Firm

INFORMATION that the State Highway Commission has let a contract, for \$86,000, for the improvement of the Irvine-Galivan highway, was made public today by County Surveyor J. L. McBride.

The contract was let to a Los Angeles firm. It provides for the construction of shoulders two and a half feet wide on each side of the highway between Irvine and Galivan.

Sand, rock and cement will be furnished by the State, according to the contract terms.

Upon the completion of the shoulders, the Irvine-Galivan section of highway will be twenty feet in width.

The contract also provides for the laying of a one-and-a-half inch asphaltum top on the highway extending south from Irvine, for a distance of five miles.

GIRL WITNESS IS STUBBORN ON STAND

Quizzed by Deputy District Attorney A. P. Nelson for more than two hours in the justice court, Braulia Garcia, pretty and blue-eyed 12-year-old Garden Grove girl, and principal witness against Calisto Lujon, accused of a statutory offense against her, proved one of the most obstinate witnesses that prosecuting attorney's office has ever had to deal with.

Following Lujon's preliminary examination, he was bound over to the Superior court and remanded to jail in default of \$3500 bail.

It is believed that the little girl's obstinacy was caused by embarrassment. It was only with the greatest patience that Attorney Nelson was able to bring from her the story which resulted in Lujon's being held to answer.

The girl was born in Mexico of an Italian father and a Spanish mother.

COURTHOUSE NOTES

APPOINTED DEPUTY

W. H. Brush was today appointed a deputy by Sheriff C. E. Jackson.

ASKS PIPELINE FRANCHISE

Ferdinand R. Bain, president of the Southern Counties Gas Company, today filed a petition with the board of supervisors, asking them to advertise and sell a franchise of the right to lay and operate, for a period of fifty years, a system of gas pipelines under the public highways of Orange county.

SUES FOR DIVORCE

With S. M. Davis as his attorney, Alexander J. Christlieb has brought an action for divorce from Ima C. Christlieb.

BRINGS SUIT FOR SELF

William H. Hiatt, attorney of Los Angeles, "plaintiff in propria persona," has brought an action against the Midway View Oil Company, whose charter was forfeited in 1916, to quiet title to certain property in Orange county.

DEMANDS \$1500 IN REALTY FEE CASE

Suit was instituted by Attorney F. C. Drumm of Orange in behalf of John F. Richards against S. G. Lehmer, who is charged in the complaint with failure to carry out an alleged agreement with Richards whereby the latter was to receive \$500 he says was asked by Lehmer to pay N. T. Edwards, supervisor from Orange, and P. W. Wyland. As a second cause of action Richards alleges that Lehmer asked him to consult with Edwards and Wyland with reference to whether or not they would sell certain property in this county to Lehmer. These services, which Richards claims he performed, he alleges to be worth \$1000. Richards asks judgment of \$1500.

TO BE ARRAIGNED IN HOTEL THEFT CASE

The arraignment of John Newkirk, Jr., on a charge of grand larceny was today continued in Department 1 of the Superior court until tomorrow morning at 9 o'clock. Superior Judge Williams appointed Attorney G. H. Gohar of Fullerton to appear for Newkirk and the arraignment was continued in order to give counsel time to appear. Newkirk was arrested several weeks ago on complaint of Sam Clapp, proprietor of the Huntington Clapp Inn at Huntington Beach. The charged Newkirk with burglary. The burglary charge was dismissed in the Superior court and the grand larceny charge preferred.

AN UNAVOIDABLE DELAY

Farmer Harris, who had been buying stock in a town some distance away telegraphed to his wife:

"As cattle cannot be shipped today from here, I shall start for home tomorrow."—Harper's Magazine.

The Fire of an Oval is descriptive of the fascinating effect obtained from one of the Gas Company's new winter fireplace heaters, the Radiantfire.

Horlick's the Original Malted Milk. Avoid Imitations and Substitutes.

KNIFE WIELDED BY WIFE, SAYS MAN IN SUIT

Long Wedded Couple Air
Matrimonial Troubles In
Superior Court

Testimony that he left his wife seven years ago after she had attempted to attack him with a knife was given before Judge Williams in Department 1 of the superior court today by William J. Long, of Anaheim, plaintiff in a divorce action.

"She used to keep my revolver under her pillow and I was afraid she would shoot me," Long said in reply to questions put by his counsel, Homer G. Ames, of Anaheim.

Long stated on the stand that he was sixty-one years old and that he had been married when twenty-two.

The couple, according to the witness, have three children, all of age.

Worked In Bakery

Long said that in the summer of 1908 while the couple was living in Los Angeles, he was working in a bakery located a half mile from his home. He received a telephone message, he said, when he arrived at his residence he found his wife, his daughter, Mrs. Laura J. Walker, and his son-in-law, Robert C. Walker, at the top of the stairs.

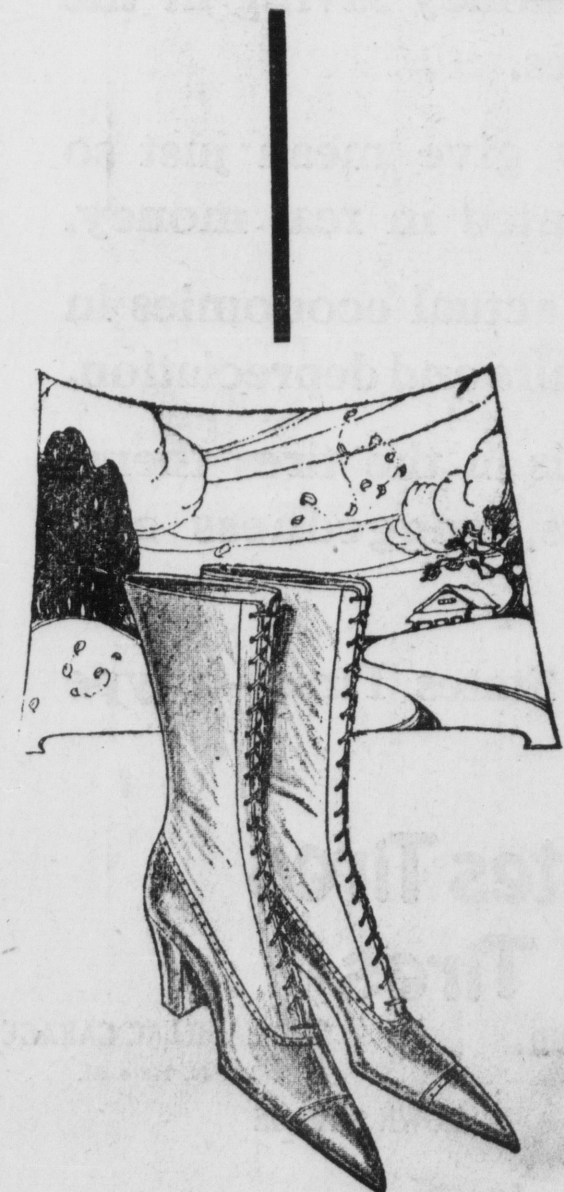

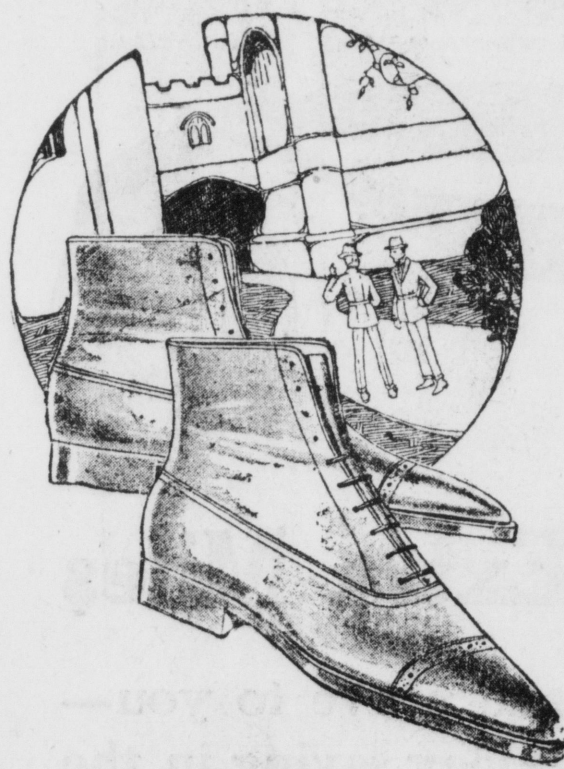

Mrs. Long, the witness said, was having trouble with Walker. A brick used to keep a door open, figured in the occurrence, according to Long. Mrs. Long, her husband told the court, was attempting to hit Walker with the brick. When Long arrived on the scene, he testified, he struggled with his wife in order to prevent her from striking Walker with the brick. Then, Long stated, Mrs. Long tried to hit him with the missile.

Wife Hit Him, He Claims, Mrs. Long hit Long in the mouth with a bar of soap, he testified. Long stated that following the alleged soap episode Mrs. Long tried to strike him with a dishpan, and still later, when he had taken the dishpan away from her, she started after him with a butcher knife.

Allegations that Mrs. Long was unduly friendly with male friends at the Long home, that she used to send him out in the back yard while she entertained visitors at luncheon, and that she used to go to theaters with other men, were made by Long.

Attorney Leonard Evans of Anaheim appeared as Mrs. Long's attorney.

The prohibition party faces death for lack of issue on which to continue. Not a keg left to stand on.

ASKING COUNTY NABBED SUSPECT TO EXHIBIT AT SO. CAL. FAIR WANTED IN S. A. MAKES ESCAPE

"Take Products From Huntington Beach to Riverside," Suggested

Five officials of the Southern California Fair, to be held at Riverside, October 7 to 11, are in Orange county this afternoon for the purpose of pointing out to Orange county organizations the advisability of placing a large Orange county exhibit at the Riverside show.

These officials are John L. Bishop, president; W. W. Van Pelt, secretary; O. K. Kelsey, J. R. Gabbert and F. P. Younglove, directors. A meeting this afternoon with W. Dean Johnston, president of the Orange County Farm Bureau, is scheduled.

Farm products will be featured at the fair. Space for live stock is double what it was last year. There has been a great development of the purebred stock movement in this end of the state, and at this fair stock owners are going to see the best that there is in this end of the state. Farm bureau activities are to be featured.

"The fair is going to be bigger and better than ever before," said Secretary Van Pelt. "A prize of \$500 is offered for the best county exhibit, and there is no reason why that prize should not go to Orange county if Orange county makes the effort to land it. With exhibits being collected for the county fair at Huntington Beach October 2 to 5, Orange county ought to be able to put in a superb exhibit. We are here to offer our cooperation and good wishes."

NO ARGUMENT

"But think of the money you'll save through prohibition."

"Save! Why, the money it took to stock up my cellar will keep me in debt five years!"—Life.

Man Sought In Connection
With La Habra Crime
Breaks From Custody

Arrested on a warrant charging him with highway robbery, J. C. Montgomery, believed to be one of three men who robbed Rudolph Wetzel of Anaheim, after he had given them a ride in his automobile, escaped from officers at Salinas, Cal., according to information received today by Sheriff C. E. Jackson from the northern city. At the time of Montgomery's arrest he was driving a Chevrolet automobile answering the description of the one in which the three bandits fled after leaving Wetzel, bound and gagged, lying by the roadside near La Habra.

Sheriff Jackson today was at work trying to get particulars of the escape of Montgomery from the Salinas officers.

Two of the three men who robbed Wetzel wore sailors' uniforms.

It is believed that trace of Montgomery was obtained by the Salinas officers through information given out at San Francisco that a gold watch which was stolen from Wetzel had been sold at a pawn shop at the Gate City by a man giving the name of J. C. Montgomery, U. S. S. Seattle. This man, according to word received here by Sheriff Jackson, wore a sailor's uniform.

Huntington Beach Prepares for County Fair

PLAN EXHIBITS NOW. MESSAGE OF THE SHOW COMMITTEE

Three Big Days of Entertainment and Demonstrations at Beach Oct. 2, 3, 4

Prepare now for your exhibit in the Orange County Fair, to be held at Huntington Beach Thursday, Friday and Saturday, October 2-3-4, 1919.

This is the message for agriculturists, stockmen, manufacturers, needleworkers, and everybody else in Orange county, sent out today by the Huntington Beach fair committee. The fair is going to be well worth the support of everyone in Orange county, they promise, and urge that all co-operate to make the exhibits complete.

"The fair will be just what you make it. What will you do to help make it a success?" reads the committee's announcement. "The fair helps to increase the value of live stock, agricultural products, and real estate in this county. The fair tends to promote friendly rivalry and brings greater unity to the community. It is the annual meeting place of friends and tends to better acquaintance. You should study the premium list carefully, and enter your exhibits in the proper classes."

Copy for the 1919 fair premium list is now in the hands of the printer and it will shortly be ready for distribution. Those wishing to secure one of the premium lists should send their request at once to J. K. McDonald, secretary of the fair committee, at Huntington Beach, and the lists will be mailed just as soon as issued.

Boosters Will Tour Towns
Wednesday, September 24, is the date set for the big fair booster parade, when a large number of Huntington Beach automobiles will join in a tour of county towns for the purpose of drawing attention to the coming fair.

F. H. McElfresh is chairman of the general fair committee, and J. K. McDonald is secretary. Other members of the general committee are H. V. Anderson, Joseph Vavra, H. T. Dunning, R. C. Turner, Louis A. Copeland, and D. W. McDannald, ex-officio. The advisory committee includes D. W. McDannald, county representative at the Los Angeles Chamber of Commerce, H. E. Wahlberg, county farm advisor; R. P. Mitchell, county superintendent of schools, and E. L. Morris, county horticultural commissioner. The committee is to meet this evening and will hold weekly meetings until the time of the fair to see that everything is properly arranged.

Oct. 3 Educational Day
"Friday, October 3, will be set aside as educational or school day," said Chairman McElfresh. On that day all county schools will be closed, and every effort will be made to see that as many of the school children as possible visit the educational exhibits at the fair. A free ticket will be sent to every school pupil which will admit them to the fair on that day. The county teachers will hold an institute on this day, there will probably be a program of school athletics, and an exhibit of work done in county high schools.

"Arrangements are also under way

(Continued on Page Ten)

FIVE BUNGALOWS TO BE ERECTED HALESWORTH, RIVERINE

Roy Russell Secures Property on Corner and Will Build at Once

Five bungalows will be erected at the southwest corner of Riverine avenue and Halesworth street as the result of the purchase of the property this week by Roy Russell, of the firm of Shaw & Russell. The property has a frontage of 196 feet on Riverine and 122 on Halesworth, and consists of two lots, one purchased from Kenneth Van Slyck and the other from P. G. Beissel.

The cottages will be duplicates of the seven erected by Russell on Cypress avenue, all of which have been sold except one. Russell will start building operations in the immediate future.

Whether the real estate men have been taking a holiday the past week, or whether the big celebration Wednesday being the absorbing interest of the week was the cause, real estate men have little to report this week in the way of big sales or small ones in this immediate vicinity.

Valencia Grove Bought
D. G. Cole, of Hankey & Cole, has just completed the purchase of A. T. Dungan's ten-acre Valencia grove at Garden Grove. The trees are six years old and it is another case of Cole buying after he had failed to impress a prospective buyer with the opportunity. The deal had about been completed for his client, when a disagreement between the buyer and seller developed as to crops of certain character growing on the property. The buyer refused to go through with the negotiations and Cole took the place himself.

J. J. Owens, local wholesaler of produce, has bought the residence property at 730 Minter of the National Bank of Monrovia. The residence is now occupied by Col. T. L. Hill and family. Owens, it is understood, will make some extensive alterations and improvements and will occupy it.

REAL ESTATE ACTIVE OVER BUENA PARK WAY

BUENA PARK, Sept. 11.—L. F. Bullock has sold his five-acre Valencia grove on Orangeflower avenue, Buena Park, to M. S. Nutshall of Arizona for \$7500.

The following lots on Whitaker avenue, Buena Park, have been sold: Mrs. Rutha P. Pratt, lots 34 and 35; W. A. Pratt, lot 20; David Allen, lots 15 and 16; Mrs. Grace Minch, of St. Louis, lots 29 and 30; Mrs. Hattie Allen, lots 9 and 10, 13 and 14, 32 and 33, all in Brown's subdivision.

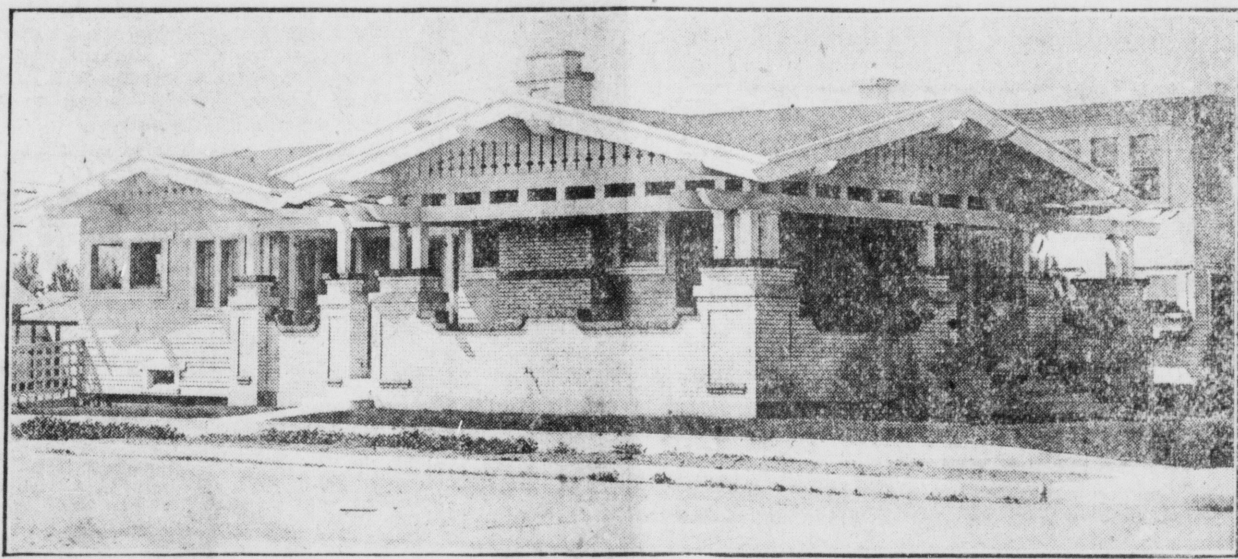

These deals were made by Mrs. Hattie Allen, real estate agent.

Plans are all completed for a new factory to make cement blocks for building purposes.

The new de-johanning plant is being installed at the Johannas Bros.' chili plant. This will be sufficient to take care of all products in and near the vicinity of Buena Park.

Sacramento county expects to harvest a \$6,500,000 fruit crop this season.

Modern Santa Ana Home; Comfort and Looks Combined in Generous Measure

Bungalow Type Shown Here—With Popular in Orange County's Building Era

Typical of the new homes being erected in Orange county, combining both comfort and looks in a generous degree, is Sam Stein's new chalet style bungalow at South Birch and Pine streets, shown herewith.

This place of seven rooms, is of French gray with white trimmings, and a feature is the commodious cement and brick veranda, extending across the front and one side of the house. The floors are of hardwood throughout.

A feature of particular comfort and pleasure is disappearing car windows in both the sleeping porch and the rear screen porch. On clear days and nights, these windows are let down into the wall, leaving the sleeping room and the back porch entirely open. At times of rain, the windows are closed, giving a maximum of comfort in any kind of weather.

It is such homes as this which are continually adding to the attractiveness of Santa Ana as a place in which to live.

EVERYONE BUSY IN PLACENTIA SECTION

Placentia Courier: Everything is going at high speed in and about Placentia, and if everyone isn't happy, everyone ought to be.

All the packing houses are running again, the cannery has started on a big tomato pack and the casaba sheds are filling up with the finest ever.

A new cement pipe yard is keeping four men busy. P. V. Steen has added a new machine to his equipment—a special gasoline washer for white goods—and the Courier's new linotype is in the shop waiting for an expert to come to set it up.

The new Bradford building is enclosed and ready for plaster, and several dwellings are nearing completion. The merchants, business men and mechanics are all busy, and the country roundabout is yielding fruit and nuts and oil as never before.

All we need is about a hundred new houses and a nick in the high cost of living.

R. L. Goble of Anaheim has opened a pipe yard on Santa Fe avenue west of Baxter's feed yard and is turning out a big order of cement pipe for the Tuffree estate.

Other orders are coming in and Mr. Goble says it begins to look as if he might have to stay here. That wouldn't be any bad luck, either.

T. H. Taylor has sold his house on Chapman avenue, through Christensen & Rideout, to Frank McKinley. He expects to move to the Santa Maria district, mostly on account of Mrs. Taylor's health.

WORK HAS STARTED ON NEW BUSINESS BLOCK

ANAHEIM, Sept. 11.—Joseph Lieb has started the construction of a modern business block on Chartress street, next door east of The Plain Dealer.

The building will face 27 feet on Chartress and will be 62 feet deep. It will be erected of enameled brick and will be a first-class building in every respect. Lieb is overseeing the construction himself.

The building is planned to afford a modern electrical shop and proper display for the large stock of electrical fixtures and appliances which Lieb already has on hands.

Steady Growth Is Shown By Santa Ana's Permits

THE steady growth of Santa Ana is reflected in the following official building permit figures for the past several years:

Month	1914	1915	1916	1917	1918	1919
January	\$	\$22,540	\$11,743	\$29,825	\$27,809	\$ 5,950
February		19,654	28,529	25,954	15,385	27,486
March		33,395	30,428	31,115	25,735	40,341
April	37,364	33,683	25,086	74,445	32,093	35,808
May	35,610	18,977	20,620	8,525	31,615	43,606
June	28,652	33,510	20,060	14,725	32,035	55,619
July	59,970	14,946	29,587	15,505	9,266	63,289
August	21,153	35,909	22,284	23,731	14,106	62,595
September	29,710	15,343	26,445	18,945	5,350	38,255
October	26,538	31,822	30,590	18,912	2,682	
November	37,000	15,288	24,480	19,103	12,125	
December	19,245	13,834	28,777	33,805	9,143	

Yearly Totals \$516,775 \$288,901 \$298,629 \$314,590 \$215,344
1919 Total to Date \$372,948
Total Building in Santa Ana past 5 2-3 years, since Jan. 1, 1914 \$2,007,187.45

NEW APARTMENT HOUSE RESULT FROM DEAL

FULLERTON, Sept. 11.—One of the most important real estate transactions in recent weeks was the transfer yesterday morning of the property at the rear of the Masonic Temple on Amerigo avenue from E. S. Gregory to N. C. Fox of Ohio. The lot is 100 by 140 feet, on which are two houses, one a two-story rooming house and the other a double house.

Fox and his wife came to California two weeks ago for the first time. "This country is so wonderful that I cannot realize just yet where I am," he stated. "I will soon have other Ohio people out here. They do not know back there what great opportunities there are in the state, and especially in this part of it. They know there is a delightful climate, but they think that is all."

Fox intends to improve the property with a large apartment house in the near future, moving the other houses back on the rear of the lot. He is already having plans drawn for the new improvement. D. A. Little, who resides at Olinda, is a son-in-law of Fox, and he and his wife are staying with them until he can get possession of the new purchase. The deal was made through R. S. Gregory.

TWO STATE OFFICIALS RESIGN, PRACTICE LAW

LOS ANGELES, Sept. 11.—Resignations from the state's service have been given by Meyer Lissner, a member of the State Industrial Accident Commission, and J. I. Lewinschon, deputy attorney general, in charge of the Southern California district. The two men are to form a law partnership. Lissner stated that his reason for resigning was "the same reason that has caused many other state and national officials to return to private enterprises."

No soot, no ashes, no work. The Domestic Cabinet Gas Range, for sale by the Gas Company, eliminates all undesirable features in cooking.

RECORD ACTIVITY IS SEEN IN SANTA ANA, ANAHEIM, FULLERTON AND ORANGE

By WAYNE GOBLE

FIGURES are usually considered dull and uninteresting, but when a mass of figures—cold, hard facts—can be gathered together to prove beyond a question of a doubt the steady, substantial growth of Orange county and the progress and prosperity of her towns, those figures take on importance and are worthy of the attention and consideration of everyone interested in this great commonwealth of ours—"Nature's Prolific Wonderland."

That's the excuse and below are the figures, proving the claim that 1919 will be the greatest building year in Orange county's history. These figures can be relied upon, because they were taken from the official records. This is a time for consideration of indisputable facts, and all camouflage, "bull," and other varieties of alleged "California Moonshine," are off the boards.

Only the four larger cities of Orange county, Santa Ana, Orange, Anaheim and Fullerton, are considered in this story, and the figures given do not apply to the extensive building which has been done, and is being done, in Huntington Beach, Newport Beach, Laguna Beach, Garden Grove, Seal Beach, El Modena, Placentia, Brea, La Habra, Yorba Linda and through the entire rural district, all of which amounts to a very considerable sum, with the construction of school and business buildings, packing plants, and many fine residences.

Making New Record During 1919 Season.

You can't put everything in one story, so we'll just talk now about our own and the three nearby cities, and here are some figures which indicate how the building wind is blowing and how 1919 is outdistancing any previous record, with nearly four months yet to go. The Fullerton records of previous years are lacking, but even adding an approximate amount in the blank spaces would not materially change the showing:

	1914	1915	1916	1917	1918	1919
Santa Ana	\$516,775	\$288,901	\$298,629	\$314,590	\$215,344	\$372,948
Anaheim	125,400	158,050	129,800	89,500	92,000	187,200
Fullerton	265,269
Orange	201,000	89,800	79,550	98,815	37,475	86,570
Totals	\$344,175	\$535,851	\$507,979	\$502,815	\$344,819	\$911,987

Santa Ana heads the list with building permits issued already this year totaling nearly \$400,000. These figures include not only the construction of several business buildings and many residences, but also extensive remodeling and improvements to existing structures. Santa Ana builders are busy—every last one of them—and more could be supplied with work, it is reliably reported, if they were available. There is a widespread demand for more business rooms and more residences, and Santa Ana capital and Santa Ana builders are striving to the utmost of their capacity to meet these demands.

In the olden days when building prices were low and all the contractors weren't busy, a dozen would be figuring on one available job. Now things have changed, yea verily. Contractors no longer are chasing building jobs—the jobs are chasing the contractors, a few hundred dollars more or less doesn't seem to matter with the man who is putting up the coin, and usually as soon as a contractor quotes a price on a proposed building he is given the word to "go ahead."

\$125,000 Work Is Now Under Way.

Building totaling a quarter of a million dollars has already been completed in Santa Ana this year, and jobs upon which construction work is now in progress are worth upwards of \$125,000. One contractor alone, J. S. Fluor, is at work upon three substantial business structures costing \$45,000, the \$18,000 Orange County Garage building at Sixth and Sycamore, the \$19,000 Chas. L. Davis garage at Sixth and Broadway being put up by J. M. Donley of Long Beach, and the W. A. Greenleaf block on West Fifth near Broadway, which will be occupied by the John L. Wheeler tractor agency. Other business buildings under way are the \$7,100 Fine Bros. brick on North Broadway next to Corbett's studio for the Turner Toilet Parlors in charge of Contractor A. C. Black, the \$5,000 E. D. Waffle brick at 428 West Fifth to be occupied by the

A Silent Toilet for Your Home

HOW often have you felt the embarrassment of the old-fashioned, noisy toilet? Why put up with this annoyance, when you can have us install an absolutely noiseless toilet, made by Thomas Maddock's Sons Company?

We'll furnish an estimate, and tell you all you need to know about this modern fixture. Feel free to ask us. It won't obligate you in the slightest, and it will afford us genuine pleasure to be able to serve you.

GEO. J. COCKING

315 West Fourth Street

SUCCESSFUL FAIR HUNTINGTON BCH. OCT. 2-4

Coming Show Will Be Greater
Than Ever Before; County
Co-operation Urged

(Continued from Page Nine)

for a combined Orange County and Santa Ana day, and probably on Saturday, October 4, there will be a state's day, when the state societies will be invited to hold their picnics on the beach, and also the old Orange county settlers will be invited to picnic here that day, with free coffee furnished by the committee.

Lectures and Demonstrations
"Other features of interest will be lectures and demonstrations under auspices of the county Farm Bureau and the horticultural commission, of especial interest to ranchers and orchardists. The Farm Bureau and the various Farm Centers have promised their complete co-operation and will be here with exhibits. D. W. McDannald is also expected to give a series of talks, some of which will probably be illustrated with moving pictures. "There will be a number of concessions for furnishing entertainment and eatables and drinkables, and in addition there will be a free entertainment each day, given for the committee by professional talent, which will be high-class in every way.

"In addition to all the usual exhibits, we are hoping to have a fine display of sea shells and shell art work. There will probably be dancing every night. Proper Care for Exhibits
"We promise to take the best possible care of exhibits, and will use every effort to secure competent outside judges for all displays, so that the judging of exhibits may be absolutely impartial.

"We must know by October 1 just what exhibits are coming, so that proper accommodations can be provided, and those planning to exhibit should notify us before that date. Where possible, exhibits should be brought to the fair grounds on October 1.

"Heretofore the fairs have been entirely free, but this year there will be a nominal admission charge of 25 cents to help meet the expenses of the displays, which will be much greater this year than ever before. A season ticket for grown-ups will be sold for 50 cents. Admission for children will be 25 cents for one day or 25 cents for the season.

Money Being Offered
A large list of prizes will be offered, as usual, for the best exhibits in the various classes. Money given by the fair committee and many more by individuals and business firms. The fair is being given under auspices of the Huntington Beach Chamber of Commerce, and all its members are working with a will to make the three big days more attractive than in any of the two previous fairs.

"The mission of the fair is to encourage better agriculture, horticulture, stock raising, and manufacturing. It induces men to think and urges them to "forth better efforts for farming and stock raising. It is the place for those who have learned the lesson to demonstrate results," says the fair committee announcement.

Committee Chairman
T. B. Talbert is chairman of the committee on procuring exhibits of agricultural products, fruits of all kinds, alfalfa, corn, beans and other like products. Those wishing to make such exhibits are asked to notify Talbert as soon as possible, and to bring their exhibits if they can to Huntington Beach by October 1. Talbert will try to see that a machine calls for displays which the exhibitor himself is unable to take to the fair.

The entire list of fair committee chairmen for 1919 is as follows:
Arrangement and Display—D. W. McDannald.

Reception—Joseph Vavra.
Decorations—F. L. Snyder.
Old Relics and Souvenirs—Mrs. C. D. Heartwell.

Procuring Exhibits—T. B. Talbert.
Domestic Arts (Needlework)—Mrs. Roy Labadie.

Fruits and Vegetables, Culinary—Miss Florence H. Larter.
Music and Entertainment—R. C. Turner.

Housing—E. E. French.
Manufactures—Kyle Howard.
Sports—H. V. Anderson.

Advertising—Louis A. Copeland.
Finance—C. E. Lavering.
Pot Stock and Poultry—R. L. Obarr.

Judges and Prizes—Dr. F. E. Wilson.
Horticulture—Mrs. T. B. Talbert.

Library—Miss Bertha Proctor.
State Societies—C. W. Warner.
Educational—H. H. Campbell.

Live Stock—A. F. Swift.
Amusement Concessions—Chas. H. Endicott.

STANDARD OIL PAYS \$150,000 FOR TRACT

FULLERTON, Sept. 11.—One of the big deals in realty of the season is the transfer of 93 acres of land in the Orchardale tract to the Standard Oil Company. This land lies between the Nirenver ranch and the La Mirada road and is valley or rather low land.

The Standard has not announced its purpose in purchasing this land, but it is rumored that a refinery may be installed there, and there is also the rumor that the experts think so much of the oil possibilities that the ownership of the land is sought by the company for drilling purposes. In any event the purchase has been made.

The consideration was \$150,000 and this purchase, coupled with the recent lease which the Standard has with the owners in Orchardale and adjoining tracts, gives a big boost to the oil possibilities of the nearby district.

Natural gas is the cheapest fuel for your furnace. Let the Gas Company install a furnace in your house.

NEARLY MILLION FOR BUILDING THIS YEAR

Four Orange County Cities
Records Show Construction
Work Is "Coming Back"

(Continued from Page Nine)

Dale auto paint shop, in charge of Contractor N. L. Galbraith, \$6,000 remodeling of the old Gem market quarters for James' Confectionery by Contractor Tom Weston, and the Carden and Seamans building at Third and Sycamore under direction of Contractor E. A. Noe.

G. A. Barrows has just completed a neat \$2500 colonial bungalow on the rear of his lot at Bishop and Cypress, now occupied, and has completed remodeling of his home on the corner.

Among other new residences under way or just being completed are the following:
Dr. W. A. Flood, \$10,000, at Eighth and Main streets.

C. G. Seamans, \$4500, at 1501 North Broadway.
M. Stroh, \$3200, at 705 South Van Ness.

J. A. Harvey, \$3,000 remodeling, at Halesworth and Broadway.
H. N. Brothers, \$3500, at 1421 North Broadway.

M. R. Heninger, \$3500, at 814 South Birch.
L. D. Swales, \$6000, at 2119 North Broadway.

P. A. Robinson, \$6000 (3 houses) on East Fifth and East Sixth.
H. N. Buck, \$9600 (two double apartments), at Cypress and Pine, also \$2,000 remodeling of old house.

J. G. Spencer, \$4000 (2 houses), on East Walnut.
Roy Russell, \$2000 (last of row of eight new bungalows) at 729 Cypress.

Nearly Hundred Homes Erected In Fullerton

With permits from January to August, inclusive, totaling more than a quarter of a million dollars, Fullerton is enjoying an unprecedented era of building and even at this rate the construction work cannot keep up with the demand.

The records of Building Inspector I. H. Dysinger show that 115 building permits were issued up to August 30 and approximately 95 of these permits were for the erection of new residences. Probably thirty of these new homes are now being completed or are still in course of construction. The cost of the new houses averages high and they are valuable additions to the city, not only because they make it possible for more people to live in Fullerton but also because they add to the attractiveness of the community. Dysinger was an active building contractor in Fullerton for twenty-one years, and declares this year to date is away ahead of any previous year.

One Man Builds Eleven
One man has taken out permits this year for eleven new residences costing between \$2500 and \$3600. This man is E. S. Gregory, a comparatively recent arrival, and brother of R. S. Gregory, Fullerton real estate man and president of the Board of Trade. Gregory has practically been forced by the demand to enter the business of building and selling houses and five which he built opposite the high school, as well as most of the others, were sold before they were completed.

Other permits were issued for additions and remodeling of structures already built, including a \$6,000 remodeling of the old Stern & Goodman store building and a \$2000 job on the Head & Marks building.

Some of the Buildings
Included in the permits issued in July and August, as a sample of what's doing in Fullerton, were the following:

E. K. Benchley, owner, Frank Benchley, builder; residence on North Spadra, \$5500.

Mrs. G. F. Motleda, owner, W. L. Campbell, builder; residence on North Richmond, \$4500.

G. Jansen, owner, U. S. Amack, builder; residence on South Raymond, \$4200.

U. D. Thurner, owner, W. P. Vance, builder; residence at 508 West Amerige, \$2500.

George Ruddock, owner, H. D. Coone, builder; residence at 201 West Commonwealth, \$3500.

R. S. Gregory, owner, Frank Benchley, builder; residence on Hillcrest drive, \$7500. E. S. Gregory took out this permit but was so busy with his other work that he turned the job over to Benchley.

W. T. Joyce, dean of the Junior College, owner, E. C. Newton, builder; residence on Hillcrest drive, \$3000.

E. S. Gregory, two residences \$3000 each, and four residences, \$2500 each, total, \$16,000.

Christian Science Society, owner, H. M. Roward, builder, hollow tile church building at Chapman and Pomona, permit \$15,000; cost of job to be approximately \$25,000.

1919 Figures to Date
The building permit records of Fullerton for the first eight months of this year are as follows:

Month	Permit Totals
January	\$ 15,200
February	24,650
March	19,648
April	27,650
May	39,630
June	51,650
July	55,691
August	31,050

1919 total to date.....\$265,269

\$86,570 Is Orange Building Total, '19

The city of Orange, in proportion to her population, is not doing as much building as some of her neighbors, but even at that her 1919 total of \$86,570 to date is more than double the entire 1918 total, greater than the 1916 permits, and nearly as great as the 1915 and 1917 records. Orange's biggest building years were 1913 and

1914, when the new schools were built, and she'll have to "go some" to catch up with those years. The big pre-cooling plant costing \$52,000 was erected in 1917 and helped to make the total that year \$98,815. Included in this year's permits were two for packing houses, one for \$7,000 issued in May to Arthur Pease, to be occupied by J. D. Spennetta, and another issued to the McInnes firm of independent citrus buyers in July. Permit for a \$3000 residence was issued in August to Mrs. Bibber.

One can't buy or rent a house in Orange at the present time and there appears a profitable opportunity for extensive home building there, and it is a wonder someone with money and brains doesn't seize the opportunity to provide for this need of the community.

The Orange building figures, taken from records in the office of City Clerk D. G. Wettlin, are as follows:

Orange Building Figures	
1913—Total	\$219,300
1914—Total	201,000
1915—Total	89,800
1916—Total	79,550
1917—Total	98,815
1918—Total	37,475
1919—Total to date	86,570

October	2,100
November	800
December	800
Total	\$37,475

Anaheim's Building Markedly Increased

Anaheim's building permits for the first eight months of this year total

\$187,200, more than double the 1917 and 1918 totals, and greater than most of the previous pre-war years. And the beautiful part about most of Anaheim's building the past few years is that most of the structures have been erected somewhere on the main streets so that they SHOW, and are a constant advertisement for the thriving little city as the thousands of tourists pass through.

Included in the permits issued by City Clerk E. B. Merritt during August are two \$4500 residences, one for George Dutton on Zeyn street and the other for V. D. Loly on West Broadway. Both are being built by Godbar & Gates; E. E. Rothermel, with Thos. A. Williams as builder, is putting up two \$2500 residences, one on North Claudina and the other on East Sycamore. Permit for a \$3500 building for the Standard Oil Company was taken out, with L. K. Miller as builder.

Few of Larger Permits

Other permits issued the past few months include the following:
First Methodist church, \$54,350 church building at corner of Broadway and Philadelphia streets, Daniels & Farris of Los Angeles, contractors. Also \$17,000 parsonage on South Los Angeles street, with Godbar & Gates as contractors.

Theodore Roberts, business block on West Center, \$8000, also brick on North Lemon, \$3,000.
Victor Lamont, apartment house on North Lemon, \$20,000. This building is now practically completed.

John Paul Taggart, residence on Zeyn street, \$3600.
Dr. J. Janss, five bungalows on Janss street, \$6000.

W. J. Hedron, owner, W. J. Elliott, builder; residence on Kroeger street, \$2500.
Grace Evangelical church, frame building on Palm street, \$2500.

RESIDENCE PROPERTY DEALS
R. W. Jackson, who recently came here to accept a position at the oil refinery at Brea, having followed that business for a number of years, has purchased the residence at 512 South Spadra and as soon as he can get possession he will move his family down from San Bernardino, where they have made their home for some time.

J. L. Purdy has purchased one of the Joe Bachman houses on East Chapman avenue.

Mrs. Garrett recently purchased the George Treher home on East Amerige avenue near the hospital.

H. T. Jolly is in hopes of getting into his new house in the near future, as the building has progressed to the point that it is ready for the plasterers.

T. M. Jolly has moved into his newly completed home in the Ruddock addition.

There are 33,000 less horses in California than in 1918, and the average value of the steeds has dropped from \$88 to \$91, according to State Statistician Robertson.

BRICK ADDITION WILL BE BUILT BY STANLEY

Buick Agent at Anaheim to
Make Second Increase
of Floor Space

ANAHEIM, Sept. 11.—Manager Harry Stanley, of Stanley's Buick Repair Station, announced that plans have been drawn and work will be started on an addition to his garage building on North Lemon street. The addition will be of brick construction with 55 feet frontage on Lemon street adjoining his present building on the north side, and 100 feet deep. This will give Stanley 12,600 feet of floor space. It is the second addition for Stanley since he took over the location last spring.

L. R. Wilson, of Wilson & Beaver, local building contractors, is constructing a modern five-room home for himself on the north side of Broadway just west of Palm street.

It will be colonial in style and will contain all the latest bungalow features and conveniences.

One feature will be the Pemberton heating and ventilating system by which the entire house will be kept at an even temperature from one fireplace.

A five-year-old lemon grove, consisting of 6 1/2 acres, formerly owned by E. B. Ryan, has been sold to Keith and Anna Rush, A. V. Vail, W. B. Fay, H. J. Fay and H. P. Tobin. This piece of land is now under lease by the Union Oil Co. and is in a pool of 52 acres. The Union owns eight acres of land cornering on this place.

Anaheim Catholic Congregation
Outgrowing Capacity
of Present Edifice

ANAHEIM, Sept. 11.—The seating capacity of St. Boniface Catholic church is to be practically doubled by an addition, work upon which has commenced.

The addition is to be in the shape of an "L" at the rear, 63 by 73 feet in size, and will be constructed of brick and tile to match the main building, and will cost approximately \$18,000. Wilson & Beaver, local men, are the contractors. They estimate that it will require about ninety days to complete the work.

The church has contemplated this addition for a long time, as the congregation has been growing rapidly, but the war delayed letting the contract. The increased capacity of the church structure will be greatly appreciated by the congregation.

They expect to be drilling by December 14 this year. The deal was made by Tobin & Durkee.

The Meyers walnut and orange ranch of twenty acres, located three miles southwest of this city on the Garden Grove road, has been sold to Fred Baker, the deal having been handled through the real estate firm of Beebe & Beckman.

Modesto has voted issuance of \$350,000 bonds for improvement of her high and grammar schools.

Coast Boulevard Boosters Join L. A. County Body In Move to Get State Action

Associated Chambers of Commerce Hear Angel City Man Outline Steps Taken to Facilitate Completion of Proposed Shore Line Road

AS a result of suggestions made by Harry Lee Merton, secretary of the Los Angeles County Coast Roads Committee, of Los Angeles, who addressed the Associated Chambers of Commerce of Orange county here on the subject of what he considered the best policy for Southern California to pursue in getting action in the matter of good roads, particularly the coast boulevard, T. B. Talbert, chairman of the county board of supervisors; D. Eymann Huff, president of the Associated Chambers; and J. A. Armitage, secretary of the South Coast Improvement Association, are today a committee appointed to act in conjunction with Merton's organization in the matter of keeping the Southland's side of the coast road project before the highway officials.

Concerted action on the part of every civic organization in Orange and Los Angeles counties was urged by Merton, who came before the Associated Chambers at the request of F. D. Cornell, manager of the Palisades Hotel at Corona del Mar.

Urges Immediate Action
Merton advised that no time be lost in bringing the coast boulevard project to a head. Southern California, he said, by means of representatives of its principal civic and improvement organizations, must urge the necessity of having immediate surveys made and of deciding with as little loss of time as possible upon the exact route that it is desired for the boulevard to take.

The work, he counseled, should be done by private contract, rather than by the Highway Commission for the reason, in his estimation, that the road building could be done more cheaply and more expeditiously if left to private firms.

Appointment of the committee by the Associated Chambers was made at Merton's suggestion. Cornell, in introducing Merton, said that it was contemplated to devote a period of eight years to the construction of the highways provided for by the \$40,000,000 bond issue.

Must Act at Once—Cornell

"If we consider what has been done in the past," Cornell said, "it would appear that some of our highways in Southern California will be built during the last of the eight-year period, unless we have team work. The best policy is to take away from the Highway Commission every conceivable excuse which it might have to defer action as far as Southern California highways are concerned. The interests of Los Angeles and Orange counties are the same in this matter. We could both use the same ammunition and get the same maintained, persistent team work."

Merton opened his remarks by pointing out the value of good roads work in general.

"You see more people, more country than your ancestors did, and it is only because you've improved your transportation," he said.

"I haven't any criticism to make of the State Highway Commission," Merton continued. "Yet, there are roads in Southern California that were authorized in the first bond issue in 1909 that haven't been built yet. That sounds pretty strange, doesn't it? One of the reasons for this was that the commission did not know exactly how to proceed with reference to the California highway project in its entirety."

Says Conditions Altered

"Now, however, conditions have changed. The first bond issue was followed by a second and then by a third bigger than the other two. Now, the reason for delaying construction no longer obtains. I am sure that if the right pressure is brought to bear the commission can be persuaded to handle things on a different basis than in the past."

"One of the reasons for delays in construction has been the petty jealousy by people of the northern part of the state. People in the north did not seem to want the Southern Californians to have what they had paid for and were entitled to. At the last session of the legislature it was very evident that favoritism was shown, which caused a great deal of excitement in Los Angeles."

"We had to fight, in Los Angeles, and so hard that we awoke to a realization that we had not only to vote bonds—a comparatively easy matter—but had to see that the program proposed under bond issues was carried out."

Tells Organization Aim

"Preceding the last bond election the Los Angeles County Coast Roads Committee was organized for the purpose of securing expeditious building of good roads, particularly such highways as are provided for by state bond issues. The membership includes representatives from each of what I might call the most powerful civic organizations of Los Angeles."

"The consensus of opinion is that

in order to bring about an early completion of the coast boulevard the only thing to do is to have the work done by private contract and not by the Highway Commission outfits. It has been shown that it costs more money to have the work done by the commission than by private contract. Also, the length of time required by the commission is about three to four times as great as that required by private contractors and we believe that the commission can be gotten to fall in line. We know what rivalry is and we do not believe that anyone can advance a reason for not letting these contracts to private firms. There is no reason why the commission is not just as able to let contracts, and get the same service, as any county in the state."

Says Unity Needed

"We concluded that we must remove every objection that the commission might raise and that we must bring before the commission in a compelling way our desires with reference to the coast boulevard. We decided that we must do this by getting the various cities to decide in advance where they wanted the boulevard to go—to agree definitely—so when the route was taken up with the commission the people could be shown as being in perfect agreement. The people must help in securing rights of way, we concluded, and do it expeditiously."

"As a result of that plan a sub-committee was named to take up this work and now the various civic organizations in such cities as Venice, Santa Monica, Hermosa Beach, and so on to Long Beach, are at work getting the cities to decide where each wants the highway to begin and end. These organizations are impressing upon their cities the necessity of doing immediately any paving that is to be done inside city limits to connect up with the state highway. Our idea is to 'coax' the state by getting the cities to begin at once."

Meeting Success

"We are meeting with entire success along the line. The cities like the idea. Everything is breaking right for the early construction of the state highway along the coast."

Merton advocated "bombarding" the Highway Commission with petitions and resolutions from every organization in the county with a view to getting the commission to complete surveys at once. He advised that condemnation proceedings be started at once wherever necessary, and that, as is possible under the law, buildings be kept pending proceedings.

With reference to letting paving contracts to private firms, Merton said it was advisable for the reason that "you can get more bids on a \$50,000 job than on a \$150,000 job."

The motion that a committee be appointed to act in conjunction with the Los Angeles county committee was made by Elmer Jahraus of Laguna Beach and seconded by A. S. Bradford of Placentia. The motion was unanimously carried.

Irving to Give Deed

J. L. McBride, county surveyor, who was present at the meeting, said in reply to a question by Merton that within the past three weeks he had conferred with James Irvine and had been assured by him that he stood ready to give a deed for a right of way for the coast boulevard. There would be no difficulty as far as the right of way from Corona del Mar to Laguna Beach was concerned, McBride said. Irvine, according to McBride, stands ready to give a deed for an eighty-foot highway, should one of that width be decided upon.

Jahraus, chairman of the committee that had been appointed at a previous meeting to inquire into the question of what ought to be done in regard to measures designed to prevent the shutting out of the view of the ocean from the proposed coast boulevard, made a report and read a tentative resolution that had been drawn up by him and by R. L. Bisby and F. C. Krause of Fullerton. Action on the resolution is being held up until the next meeting of the Associated Chambers, to be held at Placentia on September 24.

The October meeting of the Associated Chambers will be held at Yorba Linda.

Ten chambers of commerce were represented at the meeting here.

Joe C. Burke New District Deputy In Southland Section

Joe C. Burke

A signal honor in Elklodm has been conferred upon Santa Ana lodge in the appointment of Joe C. Burke, past exalted ruler of the lodge, as district deputy for California, South, by Frank L. Rain, grand exalted ruler of the B. P. O. E. of America.

By this appointment, Burke becomes the representative of the grand exalted ruler for the seventeen Elklodms in California from Santa Barbara south. His duties will be to convey to the lodges the instructions promulgated by the grand exalted ruler.

Rain's home is at Fairbury, Neb.

Burke, an attorney here and former assemblyman, has always been devoted to the work of the lodge, and he has been closely connected with its activities here.

SHOW TRACTORS AT LA BREA SEPT. 16

There are many reasons why the ranchers of California should take the necessary time to attend the Fourth Annual Demonstration of Power Machinery, which will be held in Los Angeles from September 16th to 21st, inclusive, on the Rancho La Brea, on the corner of Melrose and Crescent avenues, Hollywood.

Education in tractors can be obtained in many ways. The most thorough way is by visiting these annual demonstrations where one can make so many favorable comparisons, as every tractor of standing on the Pacific coast can be seen on the same field, also a most complete line of power farming machinery.

A great many ranchers have held off placing orders for tractors and implements that are actually needed on the farm in hopes that prices will tumble, but such is not the case; if anything, they will go up, as that is the tone of the metal market today.

Among the exhibitors will be the Benary Pump Company, who will exhibit the Bean Pull Orchard Tractor, and a complete line of their Spray Pumps, a complete line of their Universal Tractors equipped with grain drill, corn binder, power lift disc harrow, power lift gang plow, both disc and moldboard, and a tractor mower. The Knapp Tractor and Machinery Company will show for the first time in Southern California demonstrations of the La Crosse tractors in two sizes 9-12 and 12-24, also a complete line of implements.

Company will have on exhibit a full line of Oliver implements. Union Tool Company will show their Sure Grip 12-25, Frank O. Renstrom Company will exhibit for the first time the Twin City tractor.

There will also be one of the most interesting and complete exhibit of accessories for tractors, trucks and autos ever assembled under one tent.

Including an excellent exhibit of trucks, pumps, irrigation machinery, and all kinds of household necessities; in fact, everything one can use.

Chamberlain's Colic and Diarrhoea Remedy in Michigan.

Mrs. A. H. Hall, Caseville, Mich., says: "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says: "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."—Adv.

KEEP WELL AND KEEP ALIVE

Everyone should have health and live to a ripe old age. But in this day accidents await us at every step we take. Accidents are the most common things of daily life. Sickness comes to everyone some time—and death is certain to come to all.

Be wise, and get insurance immediately against accidents, sickness, all forms of mental and physical disability, old age and death.

We issue perfect contracts covering these losses, at absolute cost. Twenty-three years of successful operation, with headquarters in Los Angeles. Twenty-four Million Dollars insurance in force. Six Million Dollars paid in benefits. Nearly Two Million Dollars cash assets in hand assure quick payment of claims.

OPPORTUNITY TO GET STAMPS IS ALWAYS HERE

County Director Has Information Concerning Hand Grenade Banks

Orange county has a long way to go before it raises its county quota of \$450,000, given to it for 1919. However, there is to be no drive, and the question as to whether or not investments shall be made in War Savings Stamps is up to the individuals.

Col. S. H. Finley, county director for W. S. S., is authority for the statement that no drive is in contemplation. "People are urged to go to the post-offices and buy stamps," said Colonel Finley. "The fact that the stamps are a good investment is called to the attention of the people through the newspapers. The opportunity to invest is there, and should not be overlooked."

The latest inducement that has been offered in order to swell W. S. S. receipts is an offer of what is known as a "Hand Grenade Savings Bank." Concerning it, Col. Finley has the following information:

When the armistice was signed the War Department had on hand ready for shipment to our "doughboys" in the front line trenches 15,000,000 hand grenades to blast the Germans out of their holes. American made, these grenades were the latest and best grenades used by either side in the great war.

The Treasury Department has obtained these grenades, removed the TNT and converted them into valuable souvenirs as War Savings Banks.

These grenade banks will be distributed to individuals through the banks and trust companies of the Twelfth Federal Reserve District exclusively, under the following general conditions:

Persons 1 to 12 years of age must purchase one \$5 War Savings Stamp. Persons 12 to 18 years of age must purchase two \$5 War Savings Stamps. Persons over 18 years of age must purchase either one \$100 or one \$1000 Treasury Savings Certificate.

Individual banks and trust companies are authorized to impose further conditions on the transfer of ownership of the bank to the individual.

These hand grenades are really valuable souvenirs of the great war. The supply is limited. For further information ask any bank or trust company in your community.

ANNOUNCES PARCEL POST RULES FOR CHINA

Postmaster Overshiner announces that, effective September 15th, parcel post packages for steamers sailing places in China will be accepted up to a weight of 22 pounds, with an increase in dimensions to 84 inches in length and girth combined. Commencing the same date, parcels will be accepted for Chinese postoffices situated north of Moukden, including Harbin (Manchuria) and for postoffices in the provinces of Yunnan transmitted by way of Hongkong and Indo China, through the Chinese postal service, each parcel, regardless of weight, being subject to a delivery charge of 50 cents Chinese currency, to be collected from the addressee. This fee is to be paid by the sender. The parcel must be charged by air by the South Manchuria (Japanese) railway and to the Chinese Eastern (Russian) railway.

CHAMPION HOG RAISER MAKES LARGE PROFIT

ATLANTA, Ga., Sept. 11.—Louie Hughes, champion hog raiser of the Empire State of the South, completed his scholarship course at the Georgia State Agricultural College one day recently and has returned to his home in Cairo, Ga.

Louie joined the Pig Club of Grady county in March of last year and when the state fair was held, carried off the handsome silver cup. Why? Because he had a ten months' old Poland China hog that tipped the beam at 475 avoirdupois.

This young son of H. L. Hughes, one of Grady county's progressive farmers, purchased his pig for \$27 and when the pig had feasted for a few months on milk and clabber, corn and peanut meal, he brought his owner the neat little roll of \$200.

ARMENIAN AND SYRIAN AID TO BE DISCUSSED

A meeting of all those interested in Armenian and Syrian relief work has been called for tomorrow at 7:30 p. m. in the Council Chamber at the city hall.

Judge Wells, executive secretary of Southern California work, will speak on "The Needs of the Armenians and Syrians at present time."

A committee chairman for local work will be selected.

CLYMER AFTER OAKLAND

LOS ANGELES, Sept. 11.—Bill Clymer, former Seattle manager, is now in Los Angeles and baseball circles say his visit is to interest a third party living here in a deal whereby Clymer, Eddie Graney and one associate will become controlling owners of the Oakland baseball club.

ARMENIAN SCHOOL NEEDS \$25,000

St. Joseph's Catholic parochial school opened yesterday with a registration of eighty, an increase of seven over last year. Fifteen or twenty more will register during the remaining days of this week.

Six young women have taken up the first year's work of high school with the Superior, Sister Mary Felix, in charge, this being a new department this year.

Give the Gas Company a chance to figure on your heating for the coming winter.

LEGAL NOTICES

NOTICE OF SALE OF FRANCHISE

Granting the right to conduct, erect, maintain and operate a line, or lines, of telephone wires by means of poles, conduits or poles with wires attached thereto, under, upon, over and along such streets, roads and public highways of the County of Orange as may be necessary or convenient to connect the offices of said association to be hereafter established in any of said towns and localities in said county and the places of business and homes of its members, a telephone system for the mutual benefit and interest of the members of Orange County Farmers and Merchants Association, organized under the laws of the State of California.

Notice is hereby given that an application has been made to the Board of Supervisors of the County of Orange, California, for a franchise granting the right to construct, erect, maintain and operate a line, or lines, of telephone wires by means of poles, conduits or poles with wires attached thereto, under, upon, over and along such streets, roads and public highways of the County of Orange as may be necessary or convenient to connect the offices of said association to be hereafter established in any of said towns and localities in said county and the places of business and homes of its members, a telephone system for the mutual benefit and interest of the members of Orange County Farmers and Merchants Association, organized under the laws of the State of California; and that it is proposed by the said Board of Supervisors to grant such franchise to the said bidder said franchise upon the terms and conditions herein mentioned. The following is a copy of the proposed franchise, to-wit:

ORDINANCE NO.—

An ordinance granting to Orange County Farmers and Merchants Association, a cooperative business association organized under the laws of the State of California, a franchise granting the right to construct, erect, maintain and operate a line, or lines, of telephone wires by means of poles, conduits or poles with wires attached thereto, under, upon, over and along any of the streets, roads and public highways of the County of Orange, California, now or hereafter established, as may be necessary or convenient to connect the offices of said association to be hereafter established in any of the towns and localities in said county and the places of business and homes of its members, a telephone system for the mutual benefit and interest of the members of said association.

The Board of Supervisors of the County of Orange, to-wit:

Section 1. That a franchise is hereby granted to the Orange County Farmers and Merchants Association, a cooperative business association organized under the laws of the State of California, to lay and erect for a period of 25 years, from and after the date of the granting of this franchise, to maintain and operate a line or lines of telephone wires by means of poles, conduits or poles with wires attached thereto, under, upon, over and along such streets, roads and public highways in said County of Orange as may be necessary or convenient to connect the various offices of said association to be hereafter established in any of said towns and localities in said county, and the places of business and homes of its members, a telephone system for the mutual use and benefit of the members of said association.

Section 2. That the said franchise will be granted and shall be held and enjoyed only upon the terms and conditions herein contained, and the said franchise must be accepted by the said association, in writing, within ten days after the date of the ordinance granting said franchise, filed with the Clerk of the Board of Supervisors, and the said association shall execute and deliver to the said Clerk of the Board of Supervisors, a written acceptance of the terms and conditions therein expressed.

Section 3. That said telephone system shall be built in a good and workmanlike manner, and shall be maintained and kept in good and workmanlike condition, and that all wires extending across any street, road or public highway, shall be placed in a trench, or under a conduit, or in a trench, or under a conduit, and that all poles to be erected and maintained shall be of good material and of at least ten inches in diameter, and shall be at least twenty-five feet from the ground as aforesaid, and all poles shall be erected, located and maintained along the edge of the streets, roads and public highways so as not to interfere with the use thereof for other purposes, and in conformity with the instructions of the Board of Supervisors, and said conduits shall be placed at least ten feet from the ground and be located and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then said Board of Supervisors may cause the same to be erected and maintained in such a way as not to interfere with the use by the traveling public of such streets, roads and public highways, and in the event that said franchise or assigns fail to comply with the instructions of the Board of Supervisors with respect to the location, erection and maintenance of said poles, wires and conduits, within ten days after the date of the ordinance granting said franchise, then

LEGAL NOTICES

NOTICE FOR BIDS

Office of the Clerk of the Board of Super-
visors, Santa Ana, Orange County,
California, August 29th, 1919.
NOTICE FOR BIDS
That sealed bids will be received by the Clerk
of the Board of Supervisors of Orange
County, at its office, until eleven o'clock
p. m. of September 16th, 1919, for the
construction of a garage building at the
County Farm, for the County of Orange,
and the specifications for this work
are on file in the office of said Board,
which bidders are hereby referred. All
bidders will be afforded opportunity to
inspect the site and specifications, and
working details and said Board will
award the contract to the lowest respon-
sible bidder, and the person, firm or cor-
poration to whom the contract shall be
awarded must perform the work in ac-
cordance with said plans, specifications
and working details unless the same be
modified by the Board of Supervisors in
the manner provided by law.

The successful bidder will be required to
enter into a contract with the County
of Orange for the performance of said
work within ten days after the date of
the award of the contract, and to complete
the same within sixty days thereafter. Bond
for the faithful performance of said con-
tract, equal to twenty-five per cent of
the total amount of the contract, together
with a cash bond, shall be required in
advance of the start of the work, and the
amount thereof, will be required of the
contractor.

Right reserved to reject any and all bids.
J. M. BACKS,
County Clerk and ex-officio Clerk of the
Board of Supervisors of Orange County,
California.

NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.

In the Superior Court of the County of
Orange, State of California.
In the matter of the estate of Eliza-
beth E. Scott, deceased.
NOTICE IS HEREBY GIVEN that Fri-
day, the 19th day of September, 1919, at
10 o'clock a. m., of said day, at the
court room of this Court, Department No.
2, in the City of Santa Ana, County of
Orange, State of California, has been
appointed as the time and place for hear-
ing the application of Ray Rowan, pray-
ing that a document now on file in this
Court, purporting to be the last Will and
Testament of the said deceased, be ad-
mitted to probate, that Letters Testa-
mentary be issued thereon to her at
which time and place all persons inter-
ested therein may appear and contest
the same.
Dated September 8, 1919.
J. M. BACKS, County Clerk.
BISHOP & WELLINGTON, Attorneys
for Petitioner.

News from Orange County Towns

FUNDS FOR BAND TO BE RAISED BY CARNIVAL.

Anaheim Board of Trade Proposes Street Fair For Producing Cash

ANAHEIM, Sept. 11.—The Anaheim Board of Trade is to hold a one-night carnival soon for the benefit of the band fund to pay for remaining concerts that are to be given at Liberty Park.

Manager Frank Tausch of the band has told the board that something would have to be done to assure payment for the concerts. Ways and means of raising the fund were discussed by the board.

Some suggested dances, others thought a minstrel show would be about the thing, while still others believed that a one-night carnival would be the surest to meet the requirements if the merchants would donate articles to be sold and auctioned off. This latter proposition met with most favor and was finally agreed upon, and President Benjamin appointed a strong committee to formulate plans and carry them out. The band, too, was asked to appoint a committee to act in conjunction with the Board of Trade committee.

The committee appointed by President Benjamin is as follows:

H. E. W. Barnes, F. K. Gresswell, L. J. Danz, Romaine Berger, Dr. J. E. Water, P. G. Riley, A. Bayliss, G. R. Franklin, J. P. Sebastian, J. P. Dodge, F. A. Backs and H. Storn.

The committee has been called to meet Friday evening at the Board of Trade rooms at 8 o'clock sharp.

BUENA PARK BRIEFS

BUENA PARK, Sept. 11.—Vernon Campbell of the Campbell Canning Company has been sent as a delegate of the California Consolidated Canners to Washington, D. C., to represent this association before the senate in its investigation of the high cost of canned food products.

Mr. Goldsberry, a member of the Scottish Black Watch Regiment, had a large and attentive audience who listened to his talk at the Methodist church Sunday evening. He was in 125 battles and was severely wounded and gassed. He told of sixteen Scotchmen who were captured by the Germans, stripped of clothing and told to return to their comrades and when but a short distance from the German lines the German machine guns were turned on them. One man only escaped to tell the story. After this experience the Scotchmen asked no quarter and gave none. He gives America credit for having won the war. Before the close of the meeting it was voted to send a night letter to Senator Johnson urging him to support the League of Nations.

A good representation was present at the regular meeting of the Woman's club at the club rooms. After an animated discussion of business, delicious refreshments were served by the hostesses, who were Mrs. S. Little and Mrs. I. D. Jayne.

The grammar school of Buena Park will open Monday, September 15. The children are anxious for school to begin since the building has been given a clean appearance by a coat of paint.

Raymond Duncan has accepted a position with the Standard Oil Company as time-keeper.

Mr. and Mrs. Jack Golden were dinner guests of Mr. and Mrs. Harold Covey Monday evening.

Mr. Hardin and daughter, Mrs. Albert Messerschmidt, are expected home from the east where they have been visiting relatives the past three months.

Mr. and Mrs. C. W. Trunkle left yesterday for Taft and will return to Buena Park and make it their home.

Mr. and Mrs. G. L. Hoover left Wednesday morning for San Francisco.

Mrs. A. Brain of Los Angeles spent Monday with Rev. and Mrs. Knight.

Mr. and Mrs. Arthur Smothers and daughter Martha Marie were dinner guests of friends in Anaheim Sunday.

AGED MAN STRUCK, INJURED BY MACHINE

ANAHEIM, Sept. 11.—G. M. Gillette, 65 years of age, a resident of Los Angeles, and an employee of the Fullerton Ice Company, was seriously injured while in the act of flagging a White bus at the turn of the county highway where it enters South Spadra road.

Gillette is the father of Wm. Gillette, the engineer at the Fullerton city water plant at the northerly Anaheim city limits, and had enjoyed dinner with the son prior to leaving for his home in Los Angeles. He was standing at the corner of the road signaling the bus to stop when he was struck by a truck from the Del Giorgio Dairy, driven by S. Vannoni, and had his right leg broken above the knee and the left shoulder dislocated.

A passing touring car brought the injured man to the Anaheim hospital, where his wounds were dressed and where he is resting easily.

NEWS OF NEWPORT BEACH

NEWPORT BEACH, Sept. 11.—The preliminary work of grading 28th, 30th and 31st streets is practically completed and Rogers Bros., who have the contract, expect to have the concrete mixer on the ground and material this week to begin the actual work of paving these streets. Work on dirting the alley between Central and Surf avenues from Adams to Coronado, which is also being done by Rogers Bros., is nearing completion.

The municipal landing at the foot of 19th street, on the bay, has been completed by the contractors, Wilson Bros. Commercial Co., and will soon be ready for service. An approach will have to be filled in between the landing and the street before it can be used conveniently.

The Mercereau Bridge & Construction Company have completed driving the piling for the private pier of Glenn Helms, the Newport drayman, and the laying of the planking has begun.

Mr. and Mrs. James Austin Porter returned Tuesday evening from a week's sojourn spent at San Juan Hot Springs, recuperating their health and enjoying the scenery of this quiet mountain resort. Both appear to be very much improved in health and spirits.

Charles C. Habel of Reno, Nevada, a tonsorial artist, is assisting Max Reichenthal at his barber shop on the Ocean Front.

Miss Rose Rawlins of Los Angeles is spending a week in Newport Beach as the guest of her friend, Miss Effie Shoemaker.

Mr. and Mrs. Albert Hermes departed Wednesday for their future home at Alameda, Cal. Mr. Hermes had been a resident of Newport Beach for the past nineteen years and it was with a feeling of great regret that he bade his many friends here good-bye. He still has considerable property interests in Newport Beach.

G. G. Shoemaker purchased the small house located on the Glenn Helms' lot near 24th street and has moved it onto the rear of his lot on 20th street. He is remodeling it both inside and out and adding a coat of paint.

Mrs. Lew H. Wallace departed last Thursday on the G. A. R. special for Canton, Ohio, where she will spend two months visiting with her mother. When she returns she expects to induce her mother to accompany her and spend the winter in California.

W. L. Jordan and his brother-in-law, Herbert Shearer, left Tuesday evening on a three days' hunting trip up in Ventura county. They will also visit Fred Jumper while away.

A house party of twenty young folks occupied the E. J. Louis cottage, "The Dew Drop Inn," over the past week-end at Balboa.

Mrs. William O'Meara has closed her bakery for the summer season and expects to return to Santa Ana. Her brother, Harry Green, who has been doing the baking, will go to San Diego, where he may locate for the winter.

Yellowtail fishing from the Espee wharf has been exceptionally good this week and many fine catches have been made. The wharf has been crowded all week and the angler must get out early if he would get a choice location.

Frank L. Rinehart made a business trip to Los Angeles the latter part of last week.

Mrs. S. R. Jumper and her daughter, Mrs. Harold Henry, spent Tuesday shopping in Los Angeles.

Mr. and Mrs. A. E. Edell of Colton are spending a week's outing in Newport Beach. Mr. Edell was formerly in the grocery business here.

Police Officer Harold J. Henry is sporting a new 1920 Hupmobile. It's a classy touring car, all dolled up with wire wheels—and everything.

Robert Roshin, former bookkeeper of the Wilson Bros. Commercial Company, is spending several days' vacation at Balboa.

Mrs. W. H. Collins and children departed Monday for Los Angeles for a several days' visit with her mother, after which they will go to Riverside for an indefinite stay.

Capt. W. H. Collins made a trip to Catalina on Saturday with the launch "Pow Wow."

Clarence Alves has purchased a new Nash touring car.

Robert Deffy of Rivera spent the week-end at Balboa visiting his niece, Miss Ruth Truax.

Mr. and Mrs. A. E. Messerly, who have been spending the summer at their cottage in East Newport, left the first of the week for their home in Los Angeles. Prior to their departure, they entertained W. H. Miller and his two sisters, the Misses Anna and Ada Miller of Los Angeles. Mr. Messerly says his friends endeavored to get him to sell his property here and buy at Hermosa Beach, but during their visit at Newport Beach, they became infatuated with this spot and purchased a home at East Newport.

Miss Jean Schmitzer and Miss Dorothy Morris spent last week in Los Angeles as the guests of friends.

J. J. Schmitzer was a visitor in Seal Beach last week Thursday.

David Gray and family of Santa Ana, are spending the month of September in Newport Beach enjoying a vacation and outing. Mr. Gray is one of the "Oakland Sensible Six" salesmen.

Mr. and Mrs. R. W. Stevens of Long Beach were in Newport Beach the latter part of last week looking over the situation with a view to locating in business here.

Mr. and Mrs. L. G. Swales and family of Newport Heights, have been spending a week in one of their bungalows at Balboa enjoying an outing and vacation. Not the least of their pleasures is the sport of sailing both inside and outside the bay with their staunch, sea-worthy craft, "Joy."

Mr. and Mrs. Fidele Amar and son, August, of Puente, have been spending a few days here enjoying the yellowtail fishing from the Espee wharf.

Hiram A. Barton was down from Los Angeles for a brief visit in Newport Beach on Sunday. Undaunted by the uncertain service of the P. E. Mr. Barton made up his mind to visit Newport and left Los Angeles late Saturday night on a jitney bus. Arriving in Santa Ana at 2 a. m., he found that he would have to wait till morning to get a bus to Newport Beach. Rather than wait, he determined to hike the eleven miles and reached here some hours later, none the worse for his long walk. Although past sixty years of age, Uncle Bart can still step some.

Mr. and Mrs. R. Ball and family of Los Angeles have been spending the week in Newport Beach.

In Praise of Chamberlain's Colic and Diarrhoea Remedy.

"I cannot speak too highly in praise of Chamberlain's Colic and Diarrhoea Remedy," writes Mrs. Carrie Fusner, Zanesville, Ohio. "It has been used by myself and husband for cholera morbus and other forms of bowel trouble for the past fifteen years. It never fails to give relief."—Adv.

Good Ship "800" Fails To Sink When Engine Dies and Wave Appears

NEWPORT BEACH, Sept. 11.—Captain Frank Terry, E. R. M. Pierce and E. J. Gilliland started out on a fishing trip Tuesday with Mr. Terry's launch "800," but they only got as far as the open sea, when something went wrong with their engine and it stalled on them.

Capt. Terry went below to see what ailed the animal, after instructing his first and second mate to drop anchor to the starboard. Before this could be accomplished by the excited hearties and while the engine was still "dead," they drifted down the coast and toward the sandbar. Second Mate Pierce said he saw a giant breaker coming toward them about twice as high as the Knight apartments, so he only took one look with his weather eye, and gathering himself together, he made a leap for life, Gilliland being a close second.

In the meantime an alarm had been sent in to shore and the Campbell and Flora appeared to render aid to the imperiled seamen. The rescuing parties say that the men were only wet up to their knees, so they turned back and "left the victims to perish in a watery grave."

But Pierce tells a more thrilling tale. When he plunged into the seething waters he went down and down, and when at last he came to the surface a piece of floating wreckage happened to be near and he grasped this and eventually made his way safely to shore.

Gilliland and Capt. Terry also miraculously escaped death and were thankful to feel old mother earth beneath their feet once more. When the trio surveyed the scene from their point of salvation, things took on a more rosy hue. The floating wreckage turned out to be a lose hatch, and the launch, which Pierce was certain would be an unrecognizable mass of shattered wreckage, was riding right sideup as proud as you please.

Finally the engine started, coughing and sputtering, and the dauntless heroes started again, not for the sea, but in a bee-line for home.

ANTELOPE VALLEY HAS ANNUAL FAIR

The Antelope Valley Fair is to be held at Lancaster, September 17-20.

Each year the people of the valley hold a monster celebration and there is always a large attendance, but this year on account of the many new features and more extensive advertising it will tax the capacity of the hotels and lodging houses to accommodate all the people. For that reason the association has made arrangements for a fine auto camping ground where there is plenty of shade and good water. These grounds are on the north town limits of Lancaster and near the fair grounds. It is urged that all who can do so, bring their camping outfits and make a four-day trip of it and really enjoy a good outing besides taking in the sights at the fair.

Try and Buy The Black Hills March. Ask dealer or phone 1466.

NOTICE—Women wanted for cannery work. Can make good wages. Apply ready for work. California Packing Corporation, East First St., at railroad.

LUTHERAN SCHOOL AT ANAHEIM IS CLOSED

ANAHEIM, Sept. 11.—The Lutheran church school on Chartres street has been discontinued for at least a year and perhaps for all time. For seven or eight years this little school has been conducted by the Lutheran church interests but it has been thought best by the pastor, Rev. H. G. Schmelzer, and others not to hold school this year, but to let the pupils attend the Anaheim public schools.

The average attendance at this school was about 25, all below the sixth grade, and by the closing of the Lutheran school the attendance of the local public schools will be increased by about 25.

Does the "Boys Clothes" Question Bother You?

An American boy's clothes must meet two special requirements. They must be made to wear like iron and they must have all the style and pep that big brother's clothes possess.

It is easy enough to provide clothing that will wear a long time. There are a good many coarse materials that will answer that purpose but they do not meet the other requirement.

There are many fabrics that look well but fail to stand the wear and tear. We are ready to offer the happy combination that will not only wear well for the boy but also maintain a fashionable appearance. That's what the boy wants.

WE WANT YOU TO SEE OUR SPECIAL LINES IN BOYS' SUITS AT FROM \$7.50 TO \$18.00

See the New Oregon Cassimeres

The New Waist Seam Oregon Cassimeres come with or without belt. All wool and washable suits for boys at \$12.75 and \$13.75.

We now present the best line of shirts for boys that ever came to town. Remarkable shirts at \$1.25 to \$5.00.

Kaynee Blouses—Inexpensive, handsome, washable—the boys like them and they cost only \$1.00, \$1.25 and \$1.50.

"Correct Lubrication"

With Zerolene, the Standard Oil Company offers you a scientific service in Correct Lubrication.

By exhaustive study and actual tests the Standard Oil Company Board of Lubrication Engineers has determined the correct consistency of Zerolene for your make of automobile. Their advice and recommendations are made available for you in the Zerolene Correct Lubrication Charts. There is a separate chart for each make of car.

Zerolene is correctly refined from selected California crude oil. It keeps its lubricating body at cylinder heat, holds compression, gives perfect protection to the moving parts and deposits least carbon. It is the product of the combined resources, experience and equipment of the Standard Oil Company.

Get a Correct Lubrication Chart for your car. At your dealer's or our nearest station.

The Government

Now requires that all mixed feed show feeding analysis. We have, for years, shown the analysis of "Big N" Mash—because we're proud of it. We consider it easily the finest egg food on the market. Try it.
